Direct communications to:

Pratt County Fair Association, PO BOX 259, Pratt, KS 67124

On behalf of the Pratt County Fair Association, we welcome you to the 78th year that the Pratt County Fair has been held on its present site. This book contains information including schedules, rules and regulations, and other important resources.

We express our sincere appreciation to all the volunteers, businesses, and many others that help make the Pratt County Fair one of the best in the state promoting the numerous projects and exhibits of the community kids and kids at heart.

FAIR MEMBERSHIPS AND TICKETS

In 1963, the Pratt County Fair Association embarked on a membership campaign to maintain and enhance the Pratt County Fair. A Pratt County Fair Association membership may be purchased for \$30 from any 4-H/FFA member or by contacting the Extension Office. The membership includes four tickets to the Demolition Derby held on Friday, July 25th, and one entry in the beef and pork drawing.

- ❖ **NO FIREARMS ARE ALLOWED ON THE FAIRGROUNDS.**
- ❖ **REGULAR TRASH WILL ONLY BE DUMPED IN AREAS DESIGNATED BY THE PRATT COUNTY FAIR BOARD**
- ❖ **PLEASE READ THE FAIR BOOK CAREFULLY. GUIDELINES/RULES CHANGES HAVE BEEN MADE THROUGHOUT THE BOOK.**

- Deadline for all other 4-H/FFA entries by 5:00 p.m. Friday, July 18.**
- If you wish to make an exhibit and there is no class listed in the Fair Book, inquire at the Extension Office to request a class be listed.
- Exhibits should be checked in to the Department Superintendent by the scheduled time. Late entries will not be accepted for check in.
- The Pratt County Extension Council 4-H Program Development Committee is the governing body that sets the policies of the 4-H program in Pratt County. According to the 4-H PDC, the 4-H policy is: **The deadline is the deadline.** This means that if you miss the deadline, you will not be allowed to participate. There will be no exceptions to this rule.

OPEN CLASS EXHIBIT PRE-ENTRIES and CHECK IN

- Pre-entries are required for Open Class in the following departments.
Deadline for pre-entry in Open Class is 5:00 p.m. on Friday, July 18.

Beef	Horse	Rabbit
Dairy Cattle	Pets	Sheep
Goats	Poultry	Swine
- Online pre-entry is recommended for Open Class:**
 - pratt.fairentry.com
 - Set up a new fair profile to begin making your entries.
 - Step by step Instruction sheets are available at the Extension Office.
 - Paper entry cards are available at the Extension Office.

3. If you wish to make an exhibit and there is no class listed in the Fair Book, inquire at the Extension Office to request a class be listed.
4. All Open Class exhibits must be checked in at the registration table by the scheduled time — see the Schedule for the times. Late entries will not be accepted for check in.

4-H/FFA and OPEN CLASS CHECK OUT

1. **Check out time for inside exhibits is 6–7 p.m., Saturday, July 26.**
2. Inside exhibits shall not be removed until after 6 p.m., Saturday, July 26, except by permission of the Superintendent. Inside exhibits remaining after 7 p.m. are left in the exhibit hall at the owner's risk.
3. No livestock will be removed until 9 p.m. Saturday, July 26.
4. Exhibits may also be picked up at the Extension Office on Tuesday, July 29.

RIBBON and PREMIUM POLICY

1. In classes with three (3) or more entries, champion ribbons may be awarded based on quality of exhibits.
2. Ribbon policy may be adjusted in individual departments to meet state rules/guidelines when needed. This is to be determined by the superintendent chair.

4-H Ribbon Policy

1. A Blue, Red, White, or Green ribbon will be awarded to each exhibit. In divisions where champion ribbons are awarded the judge will consider all top blue ribbons in a class or division to determine which exhibit will be awarded a champion ribbon.
2. In departments where Grand Champion (GC) and Reserve Grand Champion (RGC) ribbons are awarded, the judge will select them from the champions (and any Top Blue placings when less than three in a class) in a class or division.
3. **All Grand Champion and Reserve Grand Champion winners should report to the Fair Office as soon as possible for a photograph.**
4. Premium money will be prorated in all departments based on premium dollars available.
5. Some departments have specific ribbon policies which conform to state and national guidelines. See the rules for those departments for more information (Horse, Dog, Rabbit, Geology).

Open Class Ribbon Policy

1. Each entry may receive a Blue, Red, White, or Green ribbon. Judges will select 1st and 2nd Blues and premium money will be awarded to those placings. Top Blue placings will then be considered in selecting a champion in divisions.
2. No Grand Champion or Reserve Grand Champion ribbons will be awarded.

3. Exhibitors earning premium money totaling \$5 or more will be mailed a check after the fair. Exhibitors earning premium money totaling less than \$5 will not be mailed a check but may pick up their money at the Extension Office during August. Premiums remaining unclaimed after August 31 will be forfeited.

4-H/FFA and OPEN CLASS GENERAL RULES

1. **NEW:** 4-H/FFA members **MUST** attend a minimum of three (3) regularly scheduled 4-H/FFA meetings from October-July AND sell a minimum of five (5) Pratt County Fair Memberships to be eligible to sell in the livestock, foods, and/or static exhibit auctions at the Pratt County Fair. A **completed** Pratt County Fair Premium Auction Eligibility Requirements Form with this information must be turned in by the pre-entry deadline to the Extension Office. **This will not prevent the participant from entering items in the fair.**
2. Any person may compete in any Open Class department. Only Pratt County 4-H/FFA members may exhibit in the 4-H/FFA departments. 4-H/FFA members may enter in Open Class, but they may not enter the same animal or article under both branches.
3. 4-H/FFA members must be enrolled in the project in which they are exhibiting. The work must have been completed since the previous Pratt County Fair, during the current 4-H year.
4. 4-H/FFA age and number of years enrolled in the project must be on all entry cards. 4-H/FFA age will be based on age as of January 1 of the current year.
5. Exhibitors may make only one entry per class unless otherwise indicated.
6. All entries must be made in the name of the owner.
7. For departments that divide the ages into Junior and Senior divisions, the ages are Junior (7–13) and Senior (14 and over). For departments that divide ages into Junior, Intermediate and Senior divisions, the ages are Junior (7–10), Intermediate (11–13), and Senior (14 and over).
8. Many classes may be exhibited at the State Fair. Check the Kansas State Fair book for eligible classes and age requirements.
9. If you wish to make an exhibit and there is no class listed in the Fair Book, inquire at the Extension Office to request a class be listed.
10. In departments where both 4-H and Open Class exhibits are entered, the 4-H exhibits will be judged FIRST and judging of the Open Class exhibits will follow, except in Bucket Calves.
11. 4-H/FFA members may report at the time that department is scheduled for judging, enabling them to listen to the judges' comments.
12. The Fair Association reserves the right to reject or remove from the grounds any exhibit, animal, concession, or show that may be falsely entered or which in any manner may be deemed objectionable.
13. No animals may be displayed or offered for sale on the fairgrounds unless they are included in a paid commercial exhibit.

14. Dogs on a leash are a hazard around livestock and are discouraged from being at the fairgrounds. If they are causing a hazard, their owners may be asked to remove them from the area or fairgrounds.
15. All possible care will be taken of the exhibits, but the Fair Association will in no case be responsible for loss, damage, or for injuries to persons or livestock.
16. **WASTE WILL BE DUMPED ONLY IN AREAS DESIGNATED BY THE PRATT COUNTY FAIR BOARD.**

4-H/FFA and OPEN CLASS LIVESTOCK RULES

1. All livestock must enter the fairgrounds by the main road off Hwy 281 west of the Commercial Building.
2. Youth shall show and sell their own entries without assistance unless prior approval is granted by the superintendent chair before the respective show. In case of emergency or having two entries in the same Division, 4-H assistance is permitted.
3. Breed of livestock will be determined at the pre-fair weigh-in and tagging.
4. Market Animals may not show in breeding classes.
5. 4-H/FFA Animals may only be shown in one division.
6. In livestock departments, youth are limited to **THREE ENTRIES IN ANY ONE CLASS** and a total of **FOUR ANIMALS IN ANY ONE DIVISION**. Exceptions to this rule: bucket calves and prospect steers are allowed only one entry. Breeding animals have no limit on the number of entries. Poultry and rabbits are not considered to be livestock.
7. If a class of animals is too large, it may be subdivided by weight.
8. Show weights for Market Animals are:

Beef	Bucket Calves — 399 pounds and under
	Prospect Steers or Heifers — 400—999 pounds
	Market Steers — 900-999 pounds (at the discretion of the superintendent and the owner)
	1,000 pounds and over
Goats	Market Goats — 50 pounds and over
Sheep	Market Lambs — 85 pounds and over
Swine	Market Hog — 220 pounds and over

If an animal does not make show weight, it is still eligible to show at the discretion of the superintendent and may sell at the discretion of the floor buyer.
9. All animals, except for Poultry, will have showmanship classes. Members must own and exhibit the animal shown. Three showmanship classes will be provided. Junior (7–10), Intermediate (11–13) and Senior (14 and over). Age is determined by January 1 of the current 4-H year.
10. All 4-Hers are eligible for showmanship in the species they exhibit. Exhibitors will wear numbers and will be identified by number for judging purposes.
11. The Superintendent reserves the right to require health certificates if animals show symptoms of a disease.

12. If, in the opinion of the Superintendents, an animal is not being properly fed, watered, and cared for, the Fair Association reserves the right to remove it from the fairgrounds. No premium money will be paid for these exhibits.
13. For livestock of a wild nature, the Superintendent must decide whether or not it is reasonably safe to allow those animals to enter the show ring or stall. If necessary, the animal(s) will be removed.
14. The same animal may be shown in both the Open Class and 4-H/FFA divisions by two different exhibitors.
15. All 4-H/FFA exhibitors must wear the livestock T-shirt while in the show ring. For exceptions to this, please read the clothing requirements under the Horse and Round Robin Departments.
16. Exhibitors of livestock must keep the part of the building occupied by them neat and clean. It will be the duty of the exhibitor to care for his/her own stall and clean up at the end of the fair. Stalls must be cleaned by 8:00 a.m. each day so the residue may be picked up in the alleyways between 8:00 and 9:00 a.m.
17. All animals must be halter tied and tied close enough to confine the animal to its assigned space. This will prevent animals from eating hay and grain from neighboring animals. Failure to do so will be grounds for barring that exhibit from showing.
18. All livestock exhibits shall be stalled in the barns from 6 p.m. to 9 p.m. each day so the public will have the best opportunity to view them. Please maintain a walkway at all times.
19. Exhibitors with horses may not ride their horses in or around the camper area or livestock barns.
20. **ANIMAL WASTE WILL ONLY BE DUMPED IN THE ROLL-AWAY DUMPSTER BY THE HORSE ARENA.**

WARNING: Under Kansas law, there is no liability for an injury to or the death of a participant in domestic animal activities resulting from the inherent risks of domestic animal activities, pursuant to Section 1 through 4. You are assuming the risk of participation in this domestic animal activity. K.S.A. 60-4001 through 60-4004.

4-H/FFA LIVESTOCK SALE

1. To participate in the livestock sale, a 4-H/FFA member must handle his/her own animal in the sale ring, unless the 4-H/FFA member experiences a medical emergency or injury.
2. Only market animals owned by 4-H/FFA members and shown in the 4-H/FFA division can be sold at the livestock sale.
3. If Youth wish to sell beef at the livestock sale, they are required to have YQCA certification that matches their current 4-H/FFA Age submitted to the Extension Office by **May 1, 2025**.
4. All youth selling livestock at the livestock sale must provide a current 4-H/FFA Market Livestock Drug Form at weigh-in. If there is a need to administer pharmaceuticals during the fair, please contact the superintendent. Failure to comply will prohibit the sale of the animal.

5. Youth may not sell more than two animals from any one department and a total of three animals at the livestock sale. Prospect steers will not be sold at the livestock sale. Exhibitors showing more than one animal in any one department may deliver the excess animals to purchasers at the floor price if the buyer agrees.
6. The maximum pay weight is subject to the buyer's requirements. The maximum pay weight for market hogs is at buyer's discretion, for market goats is 125 pounds and for market lambs is 145 pounds. Minimum Sale weight for a market hogs, goats, and lambs is at the discretion of the floor buyer.
7. Livestock exhibitors must submit a Destination Form to Ron Piester or Austin Piester no later than 30 minutes after the Beef Showmanship Contest. **If no form is submitted, the animal(s) will not be sold.**
8. The Pratt County Fair Association Board has voted for the 2025 Pratt County Fair Livestock Sale to be a Non-terminal Sale. The 4-H'er has the option to select that the animal to be sold in the sale will be for "premium only." The animal would remain in possession of the 4-H'er after it is sold. The 4-H'er would also now have the opportunity to show that animal at the Kansas State Fair or Kansas Junior Livestock Show if they have completed the proper nomination process beforehand. There will still be the original option of selling the animal for immediate market purpose.
If the 4-H'er chooses to sell their animal in this capacity, the possession of the animal will change from the 4-H'er to the buyer and the buyer will have "Buyer's Choice"—in which the buyer will make the decision to butcher or ship the animal.
9. Livestock must be cared for by the exhibitor until the animals are removed from the fairgrounds.

KANSAS STATE FAIR ENTRIES/RULES/GUIDELINES

1. Be enrolled in a local 4-H program. Members must be 9 years of age before January 1 of the current year and must not have passed their 19th birthday before January 1 of the current year.
2. Exhibitors are expected to be enrolled in the project area in which they are entering at the Kansas State Fair and to have exhibited in that division at their local fair to bring to the State Fair.
3. Only purple or blue award exhibits selected in a previously designated competition may be exhibited in the 4-H/FFA division. Exhibitor's 4-H age must be 9 years old. All contestants must have qualified through county, district or other competitive events or be approved by the local K-State Research and Extension Office.
4. Please read the General State Fair rules in the *Kansas State Fair Exhibitor Handbook* and the 4-H Rules.

CAMPERS

Chair: Dustin and Sara Eubank

1. The camping area is open to 4-H families only. 4-H families planning to bring a camper must register with the Extension Office by Friday, July 11.
2. The camper fee is \$175 if registered by the deadline. After July 11, the fee will double. If the fee is not paid by July 18, a \$50 late fee will be assessed. Make checks payable to the Pratt County Fair Association.
3. Campers are not to be brought to the fairgrounds until Sunday, July 20. Any campers parked before July 20 may be subject to being moved.
4. Camper owners will be issued proof of registration at the time fees are paid. This sign must be displayed in the camper where it may be easily seen.
5. Camper occupants must take their trash to the dumpster behind the main building. The city will not pick up your trash unless it is placed in the dumpster.
6. Campers are to be removed from the premises by Friday after the fair.

COMMERCIAL EXHIBITS

Chair: Josie Fox, Cliff Kenworthy

1. Each concession or commercial exhibit must be confined to the space assigned.
2. The Fair Association reserves the right to place any type of meter on any or all lines where in its judgment it is to its advantage to do so.
3. Set up time for food trucks is on Tuesday, July 22, from 6–8 p.m.
4. Non-food, commercial exhibitors can set up on Wednesday, July 23, from 2–5 p.m.

SUPERINTENDENTS and DEPARTMENTS

1. **Superintendents will be in full charge of their departments.**
2. Department superintendents shall check the entry cards to see that they are completed correctly and attached to the exhibit.
3. Superintendents must be present at check in, during judging, and at check out.
4. Superintendent Chair are listed in **boldface type**.

4-H/FFA STATIC EXHIBIT AUCTION

Superintendents: Josie Fox and Heather Wilson

BUYER'S ROW

1. Any 4-H/FFA Member enrolled in the Visual Arts, Photography, or Woodworking Projects may choose to assign a price and offer their entries for sale during the fair.
2. Participation forms will be available during judging.
3. Participant must fill out the appropriate form to participate.
4. Participant may assign a price to no more than 2 entries per overall category. Participant determines the price of each item chosen to be sold. Each item elected "for sale" will have the assigned price displayed beside each while on exhibit.
5. 4-H/FFA Member is formally committing to sell this item;
All Sales are Final.
6. Buyers who wish to purchase the items need to make out their checks directly to the 4-H'er or FFA member. If they wish to remain anonymous they may make their checks out to "Pratt County 4-H Council."
7. Once payment has been received and the item is not going to the State Fair, the buyer may take the item home when exhibits are released on Saturday, July 26.
8. If your entry is selected to advance to the Kansas State Fair in the 4-H Category, but is sold while displayed at the Pratt County Fair, the item will be kept at the Extension Office and delivered to the State Fair. You may coordinate delivery with the buyer after the State Fair concludes.

DEPARTMENT 3 — PRATT COUNTY WHEAT AWARDS

The Pratt County Fair Association, along with the Extension Agriculture Program Development Committee, will be conducting a county-wide Market Wheat Show at the 2025 Pratt County Fair.

DIVISION 1 — MARKET WHEAT SHOW

Producer participation in this event is strictly voluntary. If a producer wishes to enter, just inform the scale operator at the participating elevator. Samples will be collected right off the truck as it comes across the scales.

Participating grain elevators are: Scoular Grain; Skyland Grain, LLC; Farmers Cooperative Equity, Isabel; the Kanza Co-op. Branches of these elevators will be included in the collection process.

The sample will be tagged with the producer's name, address, and variety. All producers that are entered will be sent a postage paid envelope with a Crop Data Card following harvest. Complete the agronomic information section of the card and drop it in the mail. This must be completed prior to July 5 to be entered in the Market Wheat Show.

All the wheat entries will be judged by the Kansas Grain Inspection Service prior to the County Fair and displayed at the Fair. Area agri-businesses and elevators are the sponsors for this year's show.

1. Crop data cards are to be mailed to the Extension Office prior to July 7. No cards or entries will be accepted after this date due to separate judging procedures for this contest.
2. All wheat exhibits must be produced in Pratt County during the present year.
3. All exhibits must be COMBINE RUNS ONLY; samples shall consist of approximately 5 lbs. of wheat collected at the elevators listed above. If a producer has grain stored on the farm and wishes to enter, the County Agent must be notified for sample collection.
4. Any entry which has been hand-picked or screened will be disqualified. (Hand-picked entries may be entered in 4-H/Open Class Horticulture.)
5. Limitation of entries: Each farmer is limited to one (1) entry for each variety of wheat grown on the exhibitor's farm. A producer is someone who is recognized by the FSA (Farm Service Agency) as a producer within the county.
6. Premiums will be awarded for 1st through 3rd places for each class. In case of a tie, premiums will be added together and divided by the number of tying entrants.
7. The County Champion Wheat Producer's name will be listed on a plaque presented at the County Fair and displayed at the Extension Office throughout the year.
8. Samples will be judged by the following criteria:

Ribbons may be awarded in the following sub-classes:

0300. Market Wheat Show

- A. KSU HRW varieties
- B. Other public HRW varieties (TX, OK, CO, etc.)
- C. HRW blends
- D. All Westbred HRW varieties
- E. All Hard White varieties
- F. All other varieties

Protein	225 pts.
Test Weight	200 pts.
Dockage (foreign material)	200 pts.
Shrunken/broken kernels	100 pts.
Crop data card	25 pts.
Variety Mill-Bake score	250 pts.
Total possible	1000 pts.

DIVISION 2 — SPECIAL ELEVATOR AWARD

This special award is a traveling plaque to be displayed by the winning elevator and will list the producer's name, variety, year, and name of the elevator submitting the sample. Sponsored by the Pratt County Fair Association, this award will be presented during the Pratt County Fair.

Purpose: To increase public and farmer awareness of the excellent quality of winter wheat produced in Pratt County, to create a spirit of competition among elevator managers, and to reward and recognize our grain elevators for their fine services provided to their farm customers.

1. Elevator sites are encouraged to collect samples of high-quality combine-run wheat.
2. Market wheat samples collected by Pratt County elevators will be entered in the producer's name at the County Fair.
3. Special Elevator Division samples must be clearly identified by writing the elevator company name and site on the tag included in the sample bag.
4. The manager of the elevator collecting the highest number of placing samples will be recognized with this special award.

DEPARTMENT 4 — 4-H/FFA CLUB BOOTHS and BANNERS

Superintendent: Kay Sewell

1. Pre-entries must be made at the Pratt County Extension Office by 5:00 p.m., Friday, July 11. **NO LATE ENTRIES WILL BE ACCEPTED.**
2. Each booth or banner should illustrate or demonstrate a phase of 4-H club work or promote 4-H.
3. Booths and banners will be judged 30% on attention gained, 30% on interest holding, 30% on 4-H application, and 10% on lettering, color combination, and construction. Each booth or banner must include a 4-H symbol.
4. 4-H exhibitors (individual or group) may not use copyrighted materials and must originate their own work. Copyrighted and/or trademarked materials utilized in banners, displays, demonstrations, posters or other activities for endorsement or promotion instead of educational purposes will be disqualified and will not be displayed.
5. The back and sides of booth will be provided.
6. Banner dimensions are to be no less than 12 and no more than 16 square feet, with a minimum of 3 feet on one side. Banners must be able to be displayed on a rod.
7. A Champion ribbon will be awarded in each class and GC and RGC ribbons will be awarded in the department.
8. Additional awards are listed in the back of the fair book.

DEPARTMENT 5 — 4-H/FFA EDUCATIONAL EXHIBITS

Superintendent: Brenda Piester

1. Pre-entries must be made at the Pratt County Extension Office by 5:00 p.m., Friday, July 11. **NO LATE ENTRIES WILL BE ACCEPTED.**
2. Educational Exhibits showcase details about the knowledge learned in the project. Supporting educational materials are encouraged. Value is placed on demonstrating how skills have increased while completing the project.

3. Each exhibit, notebook, and poster will be judged on uniqueness, content, creativity, neatness, accuracy of material, and knowledge gained.
4. 4-H exhibitors may not use copyrighted materials. Copyrighted and/or trademarked materials utilized in educational exhibits or other activities for endorsement or promotion instead of educational purposes will be disqualified and will not be displayed.
5. Some departments have educational displays, notebooks, and/or posters that will be judged *within that department*. See that department for more details.
6. When necessary, the Superintendent will divide entries into two age groups: Junior (7–13) and Senior (14 and up).
7. A Champion ribbon will be awarded in each class and GC and RGC ribbons will be awarded in each division.
8. Additional awards are listed in the back of the fair book.
9. **Classes marked with an * — which receive a blue or purple ribbon — may advance to the Kansas State Fair. Check the *Kansas State Fair Exhibitor Handbook* for more details as some requirements are different than the Pratt County Fair.**

DEPARTMENT 6 — 4-H/FFA COMMUNICATIONS: **DEMONSTRATIONS AND ILLUSTRATED TALKS**

Superintendent: Sarah Blasi

1. 4-H/FFA exhibitors must contact the Extension Office to schedule judging times. Pre-entries online by 5:00 p.m., Friday, July 11. **NO LATE ENTRIES WILL BE ACCEPTED.**
2. A demonstration shows a step-by-step procedure, and explains why each step is essential to develop a particular skill or task. An Illustrated Talk tells how to do something and incorporates the use of visual aids (posters, supplies, equipment, etc.) that illustrate the topic being discussed. An informative talk using illustrations is NOT a demonstration or illustrated talk.
3. Demonstrations and Illustrated Talks may be given by a team or an individual.
4. The presentation should be of sufficient length to cover the topic adequately, three minutes minimum and 20 minutes maximum.
5. 4-H members are allowed to use technology when presenting a demonstration or illustrated talk. A laser pointer may be used.
6. GC and RGC ribbons will be awarded in the department.
7. Additional awards are listed in the back of the fair book.

See Department 20 and the *Kansas State Fair Handbook* for Kansas State Fair Eligibility and Rules.

Any Demonstration, Illustrated or Project Talk, or Public Speaking receiving a blue ribbon or above at Club Day or the County Fair may enter at the Kansas State Fair unless this talk has previously been entered in this contest or does not meet the guidelines. Any poetry or prose receiving a blue ribbon or above at Club Day may enter at the Kansas State Fair unless this Poetry or Prose has previously been entered in this contest or does not meet the guidelines. REMINDER: Regardless of the Public Speaking topic used as to qualify, all Public Speeches at the Kansas State Fair will be on "What 4-H Means to Me".

- Shooting sports related entries must inform the State Office of entry to meet safety requirements. They should follow Kansas State Law regarding firearms listed in the General Rules section of this Fair Book.
- If you bring small animals into Centennial Hall for a demonstration, you must remove the animal when you leave the building. Animals are not allowed to be left unattended. Per Kansas State Fair rules: No dogs, cats, or other pets, except for Service Animals shall be permitted on the fairgrounds proper (inside the fence).

When completing entry cards, class numbers must contain a 4-digit number and a letter as follows:

A. Junior 7–13

B. Senior 14 and older

DEPARTMENT 7 — 4-H/FFA and OPEN CLASS HORSE

Superintendents: Dr. Brian Spitzer, Loretta Spitzer Samantha Dutton;
Shannon Bergner, Christine Brenner, Josie Conkle, Chris Drake, Hannah
Lonker, Haley Spitzer, Samantha Spitzer

- 1. According to the Kansas Dept. of Animal Health, Regulation KAR 9-7-14, All Exhibits in the Pratt County Fair 4-H/FFA & Open Class Horse Show must present proof of a Negative Coggins Test within the last 12 months at the Pratt County Fair Check-In. For 4-H/FFA entries, the Test must match the Horse ID Paper.**
- 2. Pre-entries must be made at the Pratt County Extension Office by 5:00 p.m., Friday, July 11. NO LATE ENTRIES WILL BE ACCEPTED. NO ENTRIES WILL BE ACCEPTED ON THE DAY OF THE SHOW(S).**
- 3. Only horses ID'd by June 1 of current year will be allowed to show in 4-H classes.**
- 4. Check in time begins at 5 PM and ends at 5:30 PM. Events will begin at 6:00 PM.**
- 5. Western dress code: Long pants and a long-sleeved shirt or blouse and western hat or protective head gear must be worn. Pants, shirts, and blouses may vary in color. Extremes of style and/or color, while permissible, are not representative of western attire and do not allow the exhibitor to be presented in a professional manner. In no instance shall “fancy attire” count over a nice, neat workman-like appearance. No ball caps.**

6. English dress code: Riding breeches, jodhpurs, or skirt; hunt boots or jodhpur boots; shirt or rat catcher shirt; tie, stock choker or turtleneck; riding coat, hunt cap or protective headgear for in-hand classes.
7. 2025 fair T-shirts may be worn in timed events.
8. No rider shall be placed on a horse that she/he cannot control safely. If a horse is uncontrollable and unsafe for the rider, that horse will be disqualified for all classes. This decision will be made by the department superintendents and show judge(s).
9. Participants must be able to ride unassisted except for the Lead Line class.
10. No 4-Her, parent, visitor, or other person shall abuse or neglect a horse during the Pratt County Fair. Abuse or neglect shall be determined by the fair superintendents. This rule will be enforced by the fair superintendents. Disciplinary action may include disqualification in all classes, and/or removal of the horse from the Pratt County Fairgrounds.
11. Stud horses will be allowed only if they are weanling colts.
12. Horses may be exercised during the fair under the supervision of a superintendent or parent from 7:30 to 11:00 a.m. and from 4:00 to 5:00 p.m., except on Friday during the beef judging.
13. Patterns will be posted on show day, as they are provided by the judge(s).
14. Additional rules may be posted on show day, per judge's decision.

Horse Ribbon Policy

1. A Top Blue ribbon may be awarded in each class.
2. A Champion ribbon may be awarded in each age division of 4-H Performance categories: 1. Timed Events, 2 Performance Events (including Western, English, and Walk-Trot events), and 3. DEPARTMENT 17 — 4-H/FFA and OPEN VETERINARY SCIENCE

Superintendent:

Below are Rules/Qualifications for Kansas State Fair

The purpose of the 4-H Veterinary Science project is to provide a way for young people who care for animals and may want to follow a career in veterinary medicine to explore the topic. In this project, members will learn about animal health, behavior, and visit with veterinarians. 4-H member in the Veterinary Science project may develop an exhibit to demonstrate the knowledge and skills learned about a common health problem in animals, a veterinary science principle or public health/zoonotic diseases.

1. Veterinary Science exhibit may consist of a poster, notebook, or project display. The exhibit may represent material from any of the Veterinary Science projects including entry level exhibits from Unit I.
2. If photographs are to be part of the exhibit, remember that they will be viewed by the public. Make sure that the photographs are in good taste and will not be offensive to anyone. Graphic photographs of excessive bleeding, trauma or painful procedures are not appropriate. For exhibits related to veterinary surgical procedures, aseptic techniques need to be shown, for example, use of drapes, use of sterile procedures, wearing of gloves and other appropriate veterinary medical practices.
3. First-Aid Kits: Because of public safety concerns and risk of theft of first-aid kit contents (veterinary drugs/equipment) with perceived potential for drug abuse, animal first aid kits containing any drugs or medications will be immediately disqualified and not displayed. First Aid kits wishing to include medication information should instead utilize written descriptions, photographs, drawings, computer generated printouts or empty packaging of pharmaceuticals.
4. Veterinary Science Posters — This exhibit presents the viewer with a design that is simple and direct, unlike a display that usually presents more information. A poster should not exceed 22" x 30" and may be either vertical or horizontal.
5. Veterinary Science Displays — A display may include but is not limited to a 3-dimensional exhibit, a scale model, the actual product (for example: skeleton; teeth; samples of leather, fur, or dried skin damaged by disease or parasites) or a notebook. A display is not a poster. A display may be mounted on poster board not to exceed 22" x 28" or on 1/4" plywood or equivalent that does not exceed 24" high or 32" wide or in a three-ring binder or another bound notebook format.

6. Veterinary Science Notebooks: Individual entries are to be placed for display in a three-ring notebook for competition. Notebooks may not be larger than 8 1/2' x 11".
7. Neither the Kansas State Fair nor the department of 4-H Youth Development, KSRE are liable for the loss or damage of any personal property included as part of your poster, display, or notebook.
8. Name, county/district, age, and year in project should be on the front of the poster, display, or notebook.
9. Appropriate topics include: maintaining health, specific disease information, photographic display of normal and abnormal characteristics, animal health or safety, public health or safety, proper animal management to ensure food safety and quality, efficient and safe livestock working facilities, a topic of the exhibitor's choosing related to veterinary medicine or veterinary science.
10. Because these are science displays, all references and information must be properly cited. Proper sources include but are not limited to: Professional journals and publications, professional AVMA accredited websites, interviews with veterinarians and excerpts from Veterinary Educational Literature. Plagiarism will result in a disqualification. Please study your topic and present the information to your audience in your own words.

Kansas State Fair Eligibility: 4-H members wishing to exhibit at the state level must be enrolled in the Veterinary Science project and receive a qualifying ribbon rating at their local county fair.

1700. 4-H Veterinary Science Educational Display

1701. 4-H Veterinary Science First Aid Kit

DEPARTMENT 19 — 4-H/FFA ROUND ROBIN CONTEST

Superintendents: Julia Hemphill, Heidi McComb, Brandon Riffey

1. The Round Robin Committee and all contestants will meet at the show arena at **4:00 p.m. on FRIDAY, July 25**, to finalize livestock, equipment, and contestant lists. **THIS MEETING IS MANDATORY FOR ALL CONTESTANTS!** Any contestant who does not attend will be disqualified. **The contest will begin at 4:30 p.m.**
2. If an eligible participant from swine, sheep, goats, beef, and horse choose not to participate in the Round Robin Showmanship Contest, **THERE WILL BE NO ALTERNATE PARTICIPANTS.**
3. **If participants win more than one species there will be NO ALTERNATE PARTICIPANTS.**
4. Round Robin Participants will be asked to commit themselves to the contest immediately after the conclusion of the Showmanship Class in which they placed Grand Champion or Reserve Grand Champion in swine, sheep, goats, beef, and horse.
5. Participants may bring their own show equipment to use during the contest. If a participant does not have the necessary livestock equipment, it will be provided for each contestant.
6. Required Attire: Participants are to dress in clean proper show attire. No T-Shirts or hats may be worn during the contest.
7. Animals in all species will be assigned a number. Each participant will draw a number before the contest. Participants will be assigned the animal that matched their draw. In the Horse, there will be no more than 4 horses for the contest (this is for safety reasons). Participants may show their own animals or any that belongs to their family according to the draw. The judge will be notified of participants showing their own animals and it will be the judges' decision if the participant shall switch animals. Animals may be switched up amongst participants during the show at the judges' request.
8. Participants will be divided up into heats if all cannot fit in the show ring at one time.
9. The judge has the decision to bring in alternate livestock during the contest at any time for safety reasons.
10. Contest order of species: Horse, Sheep, Goats, Swine, Beef. Participants from each age division will compete together. Starting with Seniors followed by Intermediate for each species then rotating through all species. (If there are 2 judges, 2 species at a time could be showing at the same time.)
11. Tie Breakers: The judge will select the tie breaker species before the contest starts and participants will be notified before the contest.
12. Round Robin superintendents are responsible for getting all the livestock equipment before the contest.
13. Round Robin Superintendents will select the animals for the contest including alternates. Selected livestock assistants will assist in getting those animals to and from the show ring.

14. Once participants' numbers are on and livestock numbers drawn, all spectators must leave the show area. Communication between participants and spectators is not allowed and could result in disqualification of participants.
15. Participants are not allowed to have any electronic devices during the contest.
16. You are encouraged to meet with other 4-Hers or Leaders before the show to find out information on, breed, age, etc. that the judge might expect you to know. Judge may ask you questions.
17. Any recommendations or suggestions will only be taken after the contest is over.
18. The judge's decision is final. The judge will consider the following during the contest: control of the animal by the exhibitor, poise and collectiveness, skill of showing, ability to stand, move or show the animal as requested by the judge, knowledge level of exhibitor (based primarily on the species in which the exhibitor qualified.)
19. Age Divisions: Intermediate (11–13), Senior (14 and older)

DEPARTMENT 20 — 4-H/FFA COMMUNICATIONS and EXPRESSIVE ARTS

- See Department #6 Educational Exhibits for list of Demonstrations and Illustrated Talks to enter for Pratt County Fair.
- See Department #6 for details about Kansas State Fair participation.
- Watch for new opportunities to participate during the 2026 Pratt County 4-H Club Days.

DEPARTMENT 21 — 4-H/FFA and OPEN CLASS PHOTOGRAPHY

Superintendents: Martha Wade, Heather Van Slyke, Marilyn Giles

Brian Atteberry, Krystal Atteberry, Wiley Atteberry, Cora Bowman, Meg Bowman, Taylor Crump, Suzanne Moore, Haley Spitzer

4-H exhibitors must contact the Extension Office by Friday, July 11, to schedule a judging time. They need to sign up according to the number of years in the project, not by age. A portfolio class counts as an entry. A 4-H member may only enter one portfolio each year. Information sheets for 4-H portfolio classes are available at the Extension Office and at www.kansas4-h.org/projects/communication-and-expressive-arts/photography.html

See downloads. This link also contains other helpful information to the right side of the page. See "Preparing Your Photo for the Fair."

1. Exhibitors may enter a maximum of 10 entries. After judging, photos may be subdivided into categories before being awarded Champion, and in only 4-H RGC and GC Ribbons.

2. Photos must be no larger than 8" x 10" and no smaller than 7" x 9" after trimming.
3. All photos must be the work of the exhibitor during the past year. Copyright infringement will not be tolerated.
4. Photos must be mounted across the narrow edge (11 inch) of an 11" x 12.5" white or off-white mounting board. The board is always oriented narrow side up. The top edge of the print must be 1 inch below the top of the mounting board. The sides of the print must be equal distance from the two sides of the mounting board. Photo boards are available for purchase at the Extension Office. Information sheets with photo mounting information are also available.
5. **PHOTOS MOUNTED INCORRECTLY WILL BE AWARDED A RIBBON ONE PLACING LOWER THAN THE PLACING DETERMINED BY THE JUDGE.**
6. Remove white border from enlargements before mounting.
7. A permanent mount must be made using photographic adhesive.
8. No lettering will be permitted on the mount or on the print. No underlays or borders permitted. No photo shall have a digital date.
9. Write the name of the exhibitor and date on the back of the mounting board. Include location where photo was taken on the entry card, if taken outside of Pratt County.
10. The black and white classes are for black and white prints only. Monochromatic prints, including sepia prints, are considered color photos and must be entered in the appropriate color photo class.
11. No photos taken on a railroad right of way will be accepted. It is trespassing to be on a railroad right of way. Therefore, the photo is taken illegally.
12. Photographic subject matter is expected to follow 4-H standards. For a sense of prohibited subject matter, review the Kansas 4-H member Code of Conduct; in general, if it is not allowable at a 4-H event, it is not allowable in a 4-H photograph.
13. Photographs taken with a digital camera and having no more adjustments than exposure, color intensity or correction, one click filter effects, red eye removal, cropping, dodging, and burning should be entered in the standard color or black and white classes. HDR photos are to be entered in the standard photo class.
14. Open Class photos will be divided by age of exhibitor.
15. 4-H photos will be divided by the number of years the exhibitor has been enrolled in the photography project.
16. A blue, red, or white ribbon may be awarded to each entry.
17. In Open Class, a first blue may be awarded in each class, and a Champion may be selected from the top blues in each class in all age groups. Ribbons will be awarded at the discretion of the judge.
18. Additional awards are listed in the back of the fair book.

Kansas State Fair Eligibility and Quota

1. Exhibitors, first through seventh year in the photography project, may enter only one photo print per exhibitor.

2. Exhibitors in their eighth (plus) year in the photography project may enter two prints if the prints are in different classes.
3. A member may enter only one portfolio each year. Portfolio must have qualified at the County Level beginning with 4-H year 2023–2024.

DIVISION 1 — 4-H Photography

2100. Color Photos

- A. Taken by a 4-H member with 3 years or less in the project
- B. Taken by a 4-H member with 4–7 years in the project
- C. Taken by a 4-H member with 8 or more years in the project

2101. Black and White Photos

- A. Taken by a 4-H member with 3 years or less in the project
- B. Taken by a 4-H member with 4–7 years in the project
- C. Taken by a 4-H member with 8 or more years in the project

DIVISION 2 — 4-H Other Photography

2110. Photo Story (3-6 Pictures) This class is not a state fair class. Use 1 or 2 mounting boards. You may include explanations.

- A. Taken by a 4-H Member with 3 years or less in the project
- B. Taken by a 4-H Member with 4–7 years in the project
- C. Taken by a 4-H Member with 8 or more years in the project

2111. Growth Portfolio

1. **Members are eligible for this class beginning with the third year of enrollment in the 4-H photography project.**
2. Exhibit will consist of one photo for each year of enrollment. Each photo must have been created in a different year and must be labeled with the year taken/project enrollment year. A maximum of 5 photos may be included if the member has 5 or more years of enrollment. Photos are not required to be in consecutive order. For example, a nine-year-old with three years enrollment in photography is eligible to enter a growth portfolio. The portfolio in this example should have one photo from the seven-year-olds year, one photo from the eight-year-olds year, and one photo from the nine-year-olds year. The growth portfolio class may start at any time in the members photography career. For an older member, the growth portfolio would represent any five years in the project, for example, years 1,3,5,7 and 9 for a member having project enrollment totaling 9 years.
3. Photos must be 8" x 10" and may be color or black and white and must be unmounted.
4. An information sheet must accompany each photo giving the brand and model of camera used to create the photo. The settings for focal length, aperture, mode, and shutter speed must also be listed.
5. The skill set used to create the photo must be given and explained. Main goals for each year should be listed.
6. Beginning with photo 2, the member's description of GROWTH in project skill must be included on the information sheet.
7. The exhibit will consist of photos arranged in chronological order of enrollment, an information sheet on each photo, and all information listed in #6, #7. A portfolio book will be required.

2112. Career Portfolio

1. **Members must have been enrolled in Photography for 5 (five) or more years OR member must be age 15–19 and been enrolled in photography for at least two (2) years.**

2. Exhibit will consist of ten (10) 8 x 10 photos showing skill development in one of the following photography areas: Portraiture, Special Effects (not done with computer), Landscape, Photojournalism, Black and White, Nature/Wildlife, or Graphic Design (computer skills with photos). Photos may have been created over multiple project years.
3. Photos may be color, except if Black and White option is chosen.
4. An information sheet must accompany each photo giving the brand and model of camera used to create the photo. The settings for focal length, aperture, mode, and shutter speed must also be listed.
5. A one-page summary should accompany the portfolio listing the goal for pursuing this area of photography and what skills were learned while doing so. Mentors should be acknowledged. Career exploration can also be described.
6. Exhibit will be presented in a notebook designed for portfolio review with pages for required information from #4 and #5.

2113. Photography Display — My favorite pictures

1. This is a display only class.
2. Eligible members must be in their third year of enrollment in the photography project or more years and their 4-H age must be 14 years old or older.
3. Members may enter this class a maximum of two times in different years in their Pratt County 4-H career. They should use different favorite photos if they enter this class a second time.
4. Requirements are:
 - A. Choose a total of four (4) of your favorite photos from any of the years enrolled in photography. If used previously in competitive exhibits, remove all data slips and stickers. If the photo is an unmounted print, mount it using 4-H requirements and mat board.
 - B. Develop a short biography piece.
 1. Tell how/when an interest in photography began.
 2. Explain why each of the four photos is a favorite.
 3. Share the skills learned because of photography. Think beyond the camera skills and include leadership, community service, etc.
 4. Tell of any mentors/leaders worked with.
 5. Share workshops or camps pertaining to photography you attended.
 6. Explain (if relevant) any plans to use photography skills beyond 4-H/High School.
 7. Include a small (2" x 3") photo of yourself at the start of the biography.
 8. Print the biography document and mount it on a standard mat board.
 9. Place name on the back of each of the 5 mat boards in the upper right-hand corner. (There is a similar state fair class that requires members to be in the project for 10 years).

2014. Conservation. 4-H/FFA members

1. Photos will be judged 50% on message and 50% on quality of photo. The photos will be displayed at the annual Conservation District banquet. No age division in this class. Limit of two entries in this class. **The theme should be about water or soil conservation showing a problem or a solution.** Include a short description on a notecard that explains the problem or solution.

DIVISION 3 — Open Class and Other Photography

DEPARTMENT 22 — 4-H/FFA and OPEN CLASS VISUAL ARTS

Superintendents 4-H: Lisa Washington, Heather Bowman, Kristi Gatz

Superintendents Open Class: Carrie Vahsholtz, Lisa Befort, Jessica Harvey, Judy Lee

1. Pre-entries must be made at the Pratt County Extension Office by 5:00 p.m., Friday, July 11. **NO LATE ENTRIES WILL BE ACCEPTED.**
2. **4-H/FFA exhibitors** must contact the Extension Office by Friday, July 11, to schedule a judging time.
3. All exhibits which need to be hung (including **all** fine arts) **must** have a wire or saw tooth hanger attached (no string or tape).
4. No plants or plant materials needing watering can be entered as an art display or item.
5. The Pratt County Fair WILL allow “kits.” However, the Kansas State Fair WILL NOT allow any project that comes pre-packaged or boxes that are “kits.” While utilizing kits can help build skills, for the State Fair, the work needs to be original to the 4-H member.
6. A Champion ribbon will be awarded in each class.
7. Additional awards are listed in the back of the fair book.

Kansas State Fair Quota: Each county may submit one entry from each of the five categories (Fine Arts, Clay and Ceramics, Leather, and Jewelry, Three-Dimensional, and General Crafts) for a total of five entries per county. If a county doesn’t have an entry for one of the classes, they may submit a second entry in one of the other classes to meet the quota of five entries per county. A member may display only one visual arts item. Kits including LEGO® entries and preformed mold will not be eligible for a purple ribbon or Kansas State Fair.

When completing entry cards, class numbers must contain 4-digit number and a letter as follows:

DEPARTMENT 26 — 4-H/FFA and OPEN CLASS FOODS AND NUTRITION

Superintendents: 4-H: Karen Kumberg, Heather Van Slyke,

Jan Parsons, Karen Pinkall, Sharon Will

Open Class: Sara Eubank

1. **4-H/FFA exhibitors** must contact the Extension Office by Friday, July 11, to schedule a judging time.
2. Complete recipes with ingredients and instructions must be attached with the entry, or the placing will be lowered one ribbon when judged.
3. Every entry must have the 4-H food label placed on the food container or outside cover.
4. For food safety purposes, any entries with frostings and fillings must calculate the amount of sugar in the frosting/filling recipe only. The calculation must be attached to entry, or the placing will be lowered one ribbon when judged. Frosting and fillings need to contain more than 65% sugar for safety. Examples on how to calculate this percentage are included in the publication located at:
<https://bookstore.ksre.ksu.edu/pubs/MF3544.pdf>.
A worksheet is available at:
https://bookstore.ksre.ksu.edu/item/frostings-and-fillings-worksheet_4H1171
5. **For food safety purposes, any food containing raw eggs or unbaked exhibits with raw flour will be disqualified and not judged. "Canned" breads or cakes in a jar will also not be accepted.**
6. **No Open Class product will be accepted that requires refrigeration.**
7. Alcohol (ex. wine, beer, or hard liquor) is not allowed as an ingredient in food entries. Entries with alcohol will be disqualified and not be judged.
8. All baked goods must be left whole and uncut. Small items, such as cookies and rolls, should be the same shape and from the same recipe. Exhibit 3 cookies, 3 muffins, 3 bread sticks, 1 loaf bread, etc.
9. Under baked entries will be lowered one or more ribbon placings.
10. All un-frosted cakes should be exhibited in an upright position with crust showing. The exception is for cakes made with special designs such as Bundt cakes. They should have top crust side down.
11. Any baked product that can be removed from the pan should be displayed in a disposable container and wrapped in clear plastic or placed in a plastic bag.
12. If baked goods are not presented according to the rules, exhibit will be dropped one ribbon placing.
13. A top blue ribbon may be awarded in each class. A Champion ribbon will be awarded in each 4-H/FFA age level and in 4-H/FFA food preservation.
14. Additional awards are listed in the back of the fair book.

Kansas State Fair Eligibility and Quota: Non-Perishable, Educational Exhibit or Food Gift Package. 4-H members wishing to exhibit must be enrolled in the Foods and Nutrition project and receive a qualifying ribbon rating at their local county fair. A member may make only one entry in a non-perishable class and one entry in an educational class in this division.

B. Fruit pie

C. Specialty yeast bread

DEPARTMENT 28 — 4-H/FFA and OPEN CLASS INTERIOR DESIGN and ARCHITECTURE

Superintendent:

Architecture and Design is an important aspect of creating work and living environments that feel good and serve a purpose to those who utilize them. Designing the feel, look or mood of a room with lighting, furniture, wall placement and design elements are all examples of ways to incorporate the design process into your environment. Learning and experimenting with the elements of design – color, line, value, space, shape form and texture, is important. Of equal importance is knowing how to work with the principles of design – proportion, scale, balance, rhythm, unity and variety. Being a designer (architect, industrial/product designer, interior architect or interior designer) starts with having an end goal in mind and using each step of the planning process to support the end goal. Good designers understand how design makes a space look good and the components needed to put it together. The overarching goal is to create a space that is structurally sound, safe, inclusive, functional, and inviting to all.

1. An entry card must be attached to the exhibit with material appropriate to the exhibit: safety pins, tape, string, etc.
2. Projects with missing or insufficient summary will be lowered one ribbon placing.
3. A Champion ribbon may be awarded in the department.
4. **Kansas State Fair Quota – A member may make only one exhibit in this division.**
5. **When completing entry cards, 4-H/FFA class numbers must contain a 4-digit number and a letter as follows:**
 - A. 4-H/FFA member age 7-10
 - B. 4-H/FFA member age 11-13
 - C. 4-H/FFA member age 14 and older

2800 – Room Design Board.

Select one room within your home or imaginary/future home (bedroom, bathroom, kitchen, etc.) to design.

Create a basic floor plan showing wall footprint including any furniture, fixture and/or cabinet layout. Include any other illustrations, drawings or photographs to help support your design. Also include material/finish samples (wall treatments, floor covering, paint samples, etc.) Label any drawings or finishes so the audience understands their intention. All finishes should be attached to the design board.

To explain your design intent, write a brief description to be included on the design board. (no more than one page 8 1/2 x 11).

Boards must be on foam core or a standard tri-fold display.

2801 – Two Collages on Design Board.

In this project, develop two imaginary interior rooms. Each room should start out with identical dimensions and features (doors, windows, etc.) The function of the room can be up to you (bedroom, coffee shop, art studio, etc.) but should be the same for both rooms. For each space, create a feeling or mood for the occupants of the space. The mood created for one space should be the opposite or contrast to the second space. Choose a pair of contrasting words from the list provided (where do we put the list) to get started. Each collage must be on its own page. Page size preference and maximum is 11 x 17; can use smaller dimensions if needed. Collages should convey a space that includes a background, midground and foreground. Once these are established, add as many layers as needed. Use print materials from magazines, colored paper, the internet, or other design materials to find furniture, lighting fixtures, textures and other elements to complete each collage. For each collage, write a brief description of your design intent. (one to three paragraphs total). Adhere both collages and design intent on a foam core presentation board. Label each collage with the descriptive words you selected from the list. Additionally, you may include research, inspiration imagery or any additional drawings that helped you design your space.

2802 – Two Diorama Models. Similar to class 2800, 4-H Members will construct two dioramas, one for each space demonstrating contrasting moods. Each diorama will be designed within similar sized boxes. Boxes should be large enough to be easily viewed but no larger than 12" x 18". Both rooms being depicted need to be the same size.

Dioramas should convey a space which includes a background, midground and foreground. Once you have these established, you can add as many layers as needed. Use print materials from magazines, colored paper, the internet or other design materials to find furniture, lighting fixtures, textures and other elements to complete each room or diorama. Elements will need to be cut out and adhered to each background, midground and foreground to reflect the design of the room. Focus on selecting materials and colors to create the mood or essence of the space. Use openings in your container to experiment with the effect of light in your space. Dioramas should not contain actual figures, miniature furniture/cabinets or moveable parts. All elements

should be paper adhered to materials easily found at home. For example: magazine photos, cardstock, plastic, cardboard, chipboard or other material to depict design finishes/elements within the diorama.

2803 – Marble Maze or Enclosure. Create a space in which a marble will move through a sequence of rooms, enclosures or spaces. Use different types of elements and materials to enclose your spaces or guide the marble. Consider the size of the marble and how you want the space to feel – big and open or small and enclosed. Pay close attention to the sizes of architectural elements relative to the size of the marble. To construct the marble maze or enclosure, use household materials found around the home to create the structure. (cardboard, chipboard, construction paper, paper towel or toilet paper tubes, etc.). The base of the structure should be no larger than 18" x 24" (poster board size) and 12" in height. In addition to your enclosure/maze, you may also present a small design board with illustrations/drawings to help the audience understand the path of travel for the marble, or the rules for which you designed. Write or type a brief description of your design intent (1-3 paragraphs total) to be included on the design board.

2804 – Marble Maze Presentation Board Only. Presentation board should be foamcore with below items attached: Include drawings of your marble enclosure/maze design; (examples include floor plan, section, elevations, etc.) In addition to your base drawings, include any illustrations/drawings to help your audience understand the path of travel for the marble. You may also include quality photographs that show the sequence of the marble moving through the built design. Images may be annotated, meaning you can use notes to explain your thoughts/design intent on the board. This sequence of photos should visually tell the story of your design. Write or type a brief description of your design intent (1-3 paragraphs in total) to be included on the presentation board.

DEPARTMENT 29 — 4-H/FFA and OPEN CLASS **AEROSPACE/ROCKETRY**

Superintendents: Jim Cooper, Heather Van Slyke, Jesse Blasi

1. Each exhibitor may enter an unlimited number of rockets per class made during the current year. Rockets must have been flown. Rocket must be able to stand by itself or be supported on a wooden base not to exceed 3/4" thick x 8" square for small and medium-sized rockets. Wooden or metal support rods must not extend past the tip of the nose cone. Support rods must remain in the upright position. Do not angle. Do not submit on a launch pad. Parachute must be properly packed. Do not include engines.
2. Report that accompanies the rocket must be limited to the 4-H Rocket Exhibit Information Form for the current year glued to the outside of a 10" x 13" envelope. The form is available at the Extension Office or <http://rocketry.engtech4ks.com/>

3. Place a copy of rocket plans inside the envelope. One or more photographs of the rocket at the launch site are required. Photograph shooting the rocket at the moment of ignition is preferred. Photographs should be mounted or printed on one sided 8 1/2" x 11" page.
4. Angles of fins must fall within a plus or minus 2-degree variation using an approved fin alignment guide (such as KSSTAC10). An official fin guide is available from <http://rocketry.engtech4ks.com/>
5. Fins and body tubes, except those in the introductory division, are to be filled and sealed with putty, sanding sealer, and/or primer or other suitable filler to eliminate the appearance of body grooves and wood grain.
6. Fins and launch lugs are to be filleted to reduce drag and properly secure them to the model.
7. The nose cone is to fit snugly but still allow for easy removal.
8. Engine mounts are to be securely attached to the body tube.
9. Any seams on plastic parts are to be sanded smooth.
10. Rockets, except those in Beginning Rocketry, are not to be "beginner kits" or use prefabricated (molded plastic) fin assemblies , or pre-finished rockets requiring no painting. These are only acceptable in Beginning Rocketry. Rockets of this type outside of Beginning Rocketry should be disqualified.
11. Original design rockets must include detailed instructions, so that someone could construct the original designed rocket just like a kit purchased at a store. Instructions can be as many pages as needed to convey full and complete construction techniques.
12. In addition to the information packet completed for all rockets, High-Powered Rockets must also fill out the high-power information form and place it inside of the information packet. This may be downloaded from <http://rocketry.engtech4ks.com/>
13. Rockets should be flown unless there is an active burn ban in the county or conditions are too dangerous to safely launch the rocket. Just flying the last stage (the part with the nose cone) of a mutli-stage rocket is acceptable.
14. Champion ribbons may be awarded in each class. 4-H GC and RGC ribbons will be awarded.
15. Additional awards are listed in the back of the fair book.

If exhibiting at the Kansas State Fair. Read over rules and eligibility in the 2025 Kansas State Fair Handbook.

2910. Beginning rocketry (1st year only)

2911. Junior rocketry, rocket made from kit

2912. Junior rocketry, rocket designed by exhibitor, not merely modified kit

2913. Intermediate rocketry, rocket made from kit

2914. Intermediate rocketry, rocket designed by exhibitor, not merely modified kit

2915. Senior rocketry, rocket made from kit

2916. Senior rocketry, rocket designed by exhibitor, not merely modified kit

2917. High powered rocket

DIVISION 3 — 4-H/FFA and OPEN CLASS TEAM ROCKET

Rocket designed by 2 or more exhibitors, not merely modification of existing rocket. Include original plans. This class is designed to encourage teamwork among individuals and clubs to work on a rocket from the initial design to the finished product. Just like NASA, no one person builds every rocket. It takes teamwork.

2920. 4-H/FFA Team Rocket

2921. Open Class Team Rocket

DEPARTMENT 30 — 4-H/FFA and OPEN CLASS

AG MECHANICS WELDING

Superintendent:

1. 4-H/FFA members must be currently enrolled in the Kansas 4-H Ag Mechanics Welding project to exhibit in this division.
2. Each exhibitor may enter one exhibit per class. Exhibits must have been constructed or repaired during the current 4-H year.
3. Wheeled exhibits must utilize a braking mechanism which prevents the exhibit from freely rolling while on display.
4. Exhibitors are responsible for providing sufficient braking or “chocks” for trailer exhibits to ensure that the exhibits do not move once positioned. If using a wheel “chocking” mechanism, the two individual blocks should be connected together as a pair of chocks, so they do not become separated. At least one pair of chocks should be placed on each side of the trailer to prevent movement.
5. For trailer exhibits the tongue of the trailer should have a locking mechanism (e.g., padlock) to prevent the trailer from being moved by unauthorized individuals while being displayed. A key for the locking mechanism should be left with the office.
6. For exhibits with downward swinging parts, such as tailgates, which could pose a fall/striking/crushing hazard should have a tamper resistant locking mechanism such as a “zip-tie” or a “cotter-key” through a release pin that would prevent the swinging part from being accidentally released and falling on someone.
7. Top heavy items should be braced or placed in a stand sufficient to prevent it from toppling over while on display.
8. Exhibits that include weaponry of any kind will be disqualified. Weaponry is defined as any instrument, possession, or creation, physical and/or electrical that is intended to inflict damage and/or harm to individuals, animal life, and/or property.

9. If the exhibit is powered by flammable liquids (gas, propane, kerosene, etc.) the fuel tank and lines should be drained and allowed to dry, to avoid spills and potential fires.
10. Electric powered (battery, corded, solar, or alternative energy) should have a primary shutoff or disconnect switch.
11. If a safety violation is noted by the judges, superintendent or other staff, the exhibitor's exhibit, at the judges' discretion, will receive a deduction in ribbon placement or a participation ribbon.
12. Each exhibit, except for display boards, must include an Ag Mechanics Welding information packet. Entry of just a packet without the accompanying exhibit is not a sufficient exhibit.
13. Each exhibitor is required to complete the "4-H Ag Mechanics Welding Exhibit Information Form" for each exhibit, except for display boards, which is available at the Extension Office or at <https://welding. engtech4ks.com/>. This form must be attached to the outside of a 10" x 13" manila envelope. Do not tie the envelope to the exhibit. All revisions of all forms previously released dated prior to the current year are void for use and new forms must be obtained and uses that are dated by the State 4-H Office for the current year.
14. Each exhibitor information packet should include the following items:
 - A. Bill of materials for the project with associated costs, scrap items used may be listed as having a \$0.00 cost.
 - B. 1 to 5 pages of photos showing work on the exhibit, preferably from a beginning state to final or completed state.
 - C. If appropriate, operating instructions.
15. A Champion ribbon may be awarded in each class, a GC and RGC may be awarded in each Level.
16. Additional awards are listed in the back of the fair book.

DIVISION 1 — 4-H/FFA WELDING

Introductory – Junior (Ages 7-8)

This level is designed for youth with little to no exposure in the project area so that they can gain an understanding of basic principles and methods in the given area.

3000. Welding Display Board — A 3'x3' display board with different pieces of metal attached illustrating different types of welds, each weld being labeled

3001. Ag Repair — Repair of ag equipment with welding

3002. Ag Fabrication — Creation of new ag equipment with welding.

3003. General Fabrication — Creation of non-ag equipment with welding

3004. Artistic Fabrication — Creation of artistic or interpretive pieces with welding.

3005. Brazing Repair

3006. Brazing Fabrication

3007. Smithing Display Board — A 3'x3' display board with different pieces of forged metal attached illustrating different forms; each form being labeled.

3008. Smithing — A design forged with at least one formed element (twists or spirals for example)

Intermediate Division (Ages 9-13)

This level is designed for youth with some experience in the project area allowing them to expand on common principles and methods in the given area.

3010. Ag Repair — Repair of ag equipment with welding

3011. Ag Fabrication — Creation of new ag equipment with welding

3012. Ag General Repair — Repair of non-ag equipment with welding

3013. Welding General Fabrication — Creation of non-ag equipment with welding

3014. Welding Artistic Fabrication — Creation of artistic or interpretive pieces with welding

3015. Brazing Repair

3016. Brazing Fabrication.

3017. Smithing — A design forged with at least two different formed elements (twists or spirals for example)

Senior Division (Ages 14 and older)

This level is designed for youth with vast experience in the project area allowing them to master common principles and methods and expand on advanced techniques in the given area.

3020. Ag Repair — Repair of ag equipment with welding.

3021. Welding Ag Fabrication — Creation of new ag equipment with welding

3022. Ag General Repair — Repair on non-ag equipment with welding

3023. General Fabrication — Creation of non-ag equipment with welding

3024. Senior Welding Artistic Fabrication — Creation of artistic or interpretive pieces with welding

3025. Brazing Repair

3026. Brazing Fabrication

3027. Smithing — A design forged with at least three different formed elements (twists or spirals for example)

DIVISION 2 — OPEN CLASSES

3030. Welding cart

3031. Welding table

3032. Other welded article

DEPARTMENT 31 — 4-H/FFA and OPEN CLASS

ASTRONOMY

Superintendent:

1. The 4-H member must be currently enrolled in the 4-H Astronomy project to exhibit in this division.
2. Each exhibitor may enter one exhibit per class. Exhibits must have been completed during the current 4-H year.
3. Telescopes entered in this division may be built from a kit or by original design. Pre-finished telescopes, which require no construction are not acceptable entries.

3100. Telescope made from kit

3101. Telescope made from original design

DEPARTMENT 32 — 4-H/FFA and OPEN CLASS BUILDING

BLOCK ENGINEERING

Superintendent: Tom Black

1. 4-H Members must be currently enrolled in the Kansas 4-H Building Block Engineering project to exhibit in this division.
2. Each exhibitor may enter one exhibit. Exhibits must have been constructed during the current 4-H year.
3. Total exhibit dimensions may not exceed 2' high, by 2' wide, by 2' deep.
4. The minimum exhibit dimensions must be at least 6" wide and deep.
5. All components used in construction should be dust and hair free, clean, free of chips, scuffs, cracks, or broken blocks.
6. Gaps or cracks should not be visible between assembled blocks unless they fit with the story, for example an earthquake.
7. The primary building component should be interlocking blocks, commonly referred to by the brand name of LEGO®.
8. Other components can be integrated into dioramas to illustrate architectural aspects that may be difficult to convey with traditional interlocking blocks, for example marbles for small round objects.
9. The use of existing "store bought" sets for major elements of the display is not allowed, use of figurines from sets is allowed as is using individual bricks, or small sub-assemblies to create something different than the set it came from. For example, a car hood or front end from a car kit could be used in a "car museum" just not the entire car. The intent of this is to ensure fairness among exhibitors and encourage maximum creativity instead of just following a set of plans.
10. Artistic designs, for example recreating paintings like the *Mona Lisa* or *Starry Night* and statues like *David*, are not permitted in Building Block Engineering as exhibits and one ribbon placing should be deducted. These exhibits should be displayed in Visual Arts.
11. Dioramas should be suitably complex and have multiple elements, for example, a camp site that has a log cabin, a tree fort, and a car.
12. All dioramas should have a story, which is part of the information pack, which describes what is happening in the diorama; this can be as simple (the nursery rhyme "Jack and Jill" for example) or complex as needed to explain to someone looking at the exhibit what is happening.
13. Vehicles that are intended to stay in a single place should be affixed to base plates with sticky tack, hot glue, or other method.
14. Mechanical enhancements or motion elements that add motion to the diorama are acceptable and encouraged. For example, merry-go-rounds, doors, elevators, gears, marbles going down a channel, flapping wings, animatronics, etc. If included, judges should be able to use them, and instructions should be provided for operation either in the story or on a separate page.
15. Each exhibit must include an Architectural Block Construction information packet. Entry of a packet without an accompanying exhibit or an exhibit without a packet is not a sufficient exhibit.

16. Each exhibitor is required to complete the “4-H Building Block Engineering Exhibit Information Form” which is available at the Extension Office or at <https://blocks.engtech4ks.com/>. This form must be attached to the outside of a 10” x 13” manila envelope. Do not tie the envelope to the exhibit. All revisions of forms previously released for the division dated prior to the current year are void for use and new forms must be obtained and used that are dated by the Kansas State 4-H Offices for the current Year.
17. Each exhibit information packet should include the following items:
 - A. 1 to 5 pages of photos showing work on the exhibit, preferably from a beginning state to final or completed state. Final pictures help in determining where a part might go in case something comes loose.
 - B. If appropriate operating instructions for mechanical portions of the diorama.
18. Additional awards are listed in the back of the fair book.

DIVISION 1 — 4-H/FFA BUILDING BLOCK ENGINEERING

Beginning (ages 7–8)

3200. Interlocking brick diorama built from scratch

Intermediate (ages 9–13)

3210. Interlocking brick diorama built from scratch

Senior (ages 14 and up)

3220. Interlocking brick diorama built from scratch

DIVISION 2 — OPEN CLASS BUILDING BLOCK ENGINEERING

Beginning (ages 7–8)

3230. Interlocking brick diorama built from scratch

Intermediate (ages 9–13)

3240. Interlocking brick diorama built from scratch

Senior (ages 14 and up)

3250. Interlocking brick diorama built from scratch

DEPARTMENT 33 — 4-H/FFA and OPEN CLASS COMPUTER SCIENCE

Superintendent:

1. Any item which IS NOT a notebook, display board, or poster displayed in this class is considered a “computer system” exhibit and MUST follow the rules set forth below.
2. The actual construction of computer hardware (i.e., building a computer, electronic devices with a motherboard-based manipulation) will remain in the Energy Management division.
3. 4-H members must be currently enrolled in the 4-H – Computer Science project to exhibit in this division.
4. Each exhibitor may enter one exhibit per class. Exhibits must have been completed during the current 4-H year.

Refer to the Kansas State Fair Rules for complete project requirements.

3300. Computer program, application, app, script, or coded system that is new and unique (not merely a file run in a program, such as a ‘word document’ or a picture drawn in ‘Microsoft Paint’).

3301. Coded website built entirely by the 4-H Member (not using a pre-made I am running a few minutes late; my previous meeting is running over.

template generator such as Wix or Squarespace). Items in this class could be coded in HTML, CSS, Javascript, Wordpress, or other web-based programming languages or platforms.

3302. Microcontroller or microcomputer application – a small circuit board that is programmed to accomplish a specific task (projects built and programmed using Raspberry Pi, Arduino, etc)

DEPARTMENT 34 — 4-H/FFA and OPEN CLASS ELECTRIC and RENEWABLE ENERGY

Superintendent: Tom Black

1. Each 4-H phase may be either original or kit assembled construction accompanied by plan, blueprint, working drawing, sketch of original construction, etc.
2. A sheet of operating instructions must be furnished for any exhibit not self-explanatory.
3. Indicate on entry card if exhibit is original construction or a kit.
4. No hand-dipped solder may be used.
5. Items that have been in use should be cleaned for exhibit.
6. Projects (classes 3400, 3401, 3402) must be operable using only 110 or 120V AC or battery power. If battery power is required, batteries must be furnished.
7. Any project with a complexity of size or electronics must have the following:
 - A. Instructions for assembly and use.
 - B. Equipment available at the time of judging for actual testing of the exhibit.
8. A Champion ribbon may be awarded in each class. GC and RGC ribbons will be awarded in both junior and senior 4-H divisions.
9. Additional awards are listed in the back of the fair book.

When completing entry cards, 4-H/FFA class numbers must contain a 4-digit number and a letter as follows:

- A. 4-H/FFA member age 7–13
- B. 4-H/FFA member age 14 and older

DIVISION 1 — 4-H/FFA ELECTRIC and RENEWABLE ENERGY

3400. AC Electric: Electric projects with a 110 or 120 V alternating current (AC) power source. Some project examples are household wiring demonstrations, small appliances extension cords, trouble lights, indoor or outdoor wiring boards, or shop lights. Projects may be a restoration or original construction. The project must be operational and meet minimum safety standards. AC projects must be 110/120 V, no 240 V exhibits are allowed, and must be constructed such that the judges have wiring access to examine the quality and safety of workmanship.

- 3401. DC Electric:** Electric projects with a battery of direct current power source. This class includes electric kits or original projects. This class also includes demonstration DC powered project. Examples include: wiring two- or three-way switches, difference between series/parallel lighting circuits or wiring doorbells switches. All DC electric projects must include batteries supplied by 4-H'er. Projects must be constructed such that the judges have access to examine the quality of wiring workmanship.
- 3402. Electronic:** Electronic projects with a battery or direct current power source. This class includes electronic kits or original projects. Examples include radios, telephones, toy robots, light meters, security systems, etc. May be constructed using printed circuit board, wire wrap, or breadboard techniques. Include instruction/assembly manual if from a kit. Include plans for an original project. Projects must be constructed such that the judges have access to examine the quality of wiring workmanship.
- 3403. Newly Built or Repaired Computers –** This class is for newly built or repaired computers (laptop or PC) and allows 4-H members to demonstrate skills integrating the various parts of a computer into a single unit. Displays should show either a fully functional computer or show what the individual components do. The display should be free of dust and cabled neatly. Fully functional computers should boot up and do not need to include a monitor, keyboard, or mouse at the State Fair.
- 3404. Educational Displays and Exhibits —** The purpose of the educational display and exhibit is to educate the viewer about a specific area of the 4-H electrical or electronics project. The display or exhibit should illustrate one basic idea. This class includes educational displays, exhibits for science fair type projects which DO NOT have a power source, i.e., exhibits or displays of wire types, conduit types, electrical safety, tool or motor parts identification or electrical terminology. Educational displays and exhibits must be legible from a distance of four feet, using a maximum tri-fold size of 3' x 4'.
- 3405. Experiment —** Display an experiment addressing a problem or question related to power generated from a renewable energy source. Include hypothesis, background research, variables, a control, data, findings, conclusions, and recommendations for future study.

DIVISION 2 — ALTERNATIVE ENERGY

ALTERNATIVE ENERGY - (A form of energy derived from a natural source, such as the sun, geothermal, wind, tides, or waves.) All exhibits in this category are limited in size to standard tri-fold display boards (36" x 48") and items may not extend beyond 12" from the back board. All displays must be self-standing.

- 3410. Educational Display —** Create an exhibit that addresses a focused topic related to power generated from a renewable energy source. The purpose of the exhibit is to inform and create awareness.
- 3411. Experiment —** Display an experiment addressing a problem or question related to power generated from a renewable energy source. Include hypothesis, background research, variables, a control, data, findings, conclusions, and recommendations for future study.

DIVISION 3 — OPEN CLASS ELECTRIC and RENEWABLE ENERGY

- 3420. AC Electric**
3421. DC Electric

- 3422. Electronic**
3423. Educational Displays

DEPARTMENT 35 — 4-H/FFA and OPEN CLASS ROBOTICS**Superintendent:**

The Kansas 4-H Robotics program is designed to allow 4-H members to explore robotics through robots of various designs.

1. 4-H members must be currently enrolled in the Kansas 4-H Robotics project to exhibit in this division.
2. Exhibits must have been constructed and/or completed during the current 4-H year. The robot must have been selected at the county level for entry at the State Fair. Counties or districts should select only top blue or purple ribbon robot exhibits which meet State Fair guidelines.
3. Each robot must be free-standing, without the need for additional supports to be moved or exhibited. Each exhibit must include a robot information packet.
4. Robots must have automated articulated structures (arms, wheels, grippers, pneumatic, hydraulic etc.). Game consoles that display on a screen are not considered robots and should either be entered in the computer sciences division or electronics and renewable energy project. Robots requiring no assembly, just programming, such as Ozobots, are considered computer sciences projects as the skill is focused on the programming not on the construction of the robot.
5. Robot dimensions should not exceed 2' high, by 2' wide, by 2' deep. If displayed in a case (not required for the state fair, but strongly encouraged for county fairs) the outside case dimensions should not be excessive. The display case should have the exhibitor's information attached to both the lid and cover, as the top art of the case may be separated from the display.
6. Materials including but not limited to obstacles, spare batteries, and Mats for testing the robot may be placed in a separate container, which is not included in the robots' dimensions, that container may not be larger than 576 cubic inches as measured along the outside of the container (Examples: 4" x 4" x 36" or 4" x 8" x 18" or 6" x 6" x 16"). The container, if used, and/or any large objects (such as mats or obstacles) should be labeled with the exhibitor's name(s) and county or district as they will be stored separately from the exhibit.
7. All electric components of the robot must be adequately covered or concealed with a protective enclosure. Paper is NOT considered an adequate enclosure or covering for electrical components.
8. Robots may be powered by an electrical, battery, water, air, or solar

source only. Junk drawer robots may be powered by a non-traditional power source. Robots powered by fossil fuels/flammable liquids will be disqualified. Robots that include weaponry of any kind will be disqualified. Weaponry is defined as any instrument, possession, or creation, physical and/or electrical that is intended to inflict damage and/or harm to individuals, animal life, and/or property.

9. Remote controlled robots are allowed under certain conditions. Provided that the robot is not drivable. Robots programmed on phones/tablets need to have a specific program created, using motion controls to move the robot are not acceptable, for example “press forward on the screen to make the robot go forward.” Robotic arms (hydraulic or electric) are allowed. A remote is allowed, provided more than a single action happens when a single button is pressed on the remote, for example “a motor spins for 3 seconds, at which point an actuator is triggered, then the motor spins for 3 more seconds.” Remote controlled cars, boats, planes and/or action figures, etc. are not allowed.
10. Each robot must be in working condition. The judges will operate each robot to evaluate its workmanship and its ability to complete its intended task. In the event the robot uses a phone, tablet, or similar device for both programming AND control of the robot a video will be used to evaluate the working condition of the robot. It should follow the instructions provided for operation so that the judge can follow along with the provided instructions.
11. Each exhibitor is required to complete the “4-H Robotics Exhibit Information Form” which is available through your local K-State Research and Extension Office or at <http://robotics.engtech4ks.com/>.
12. The exhibit must include written instructions for operation (the instructions should be written as if they were to tell a grandparent or elderly person how to operate the robot), construction plans, a video, and one to five pages of project photographs. For robots that can be programmed, robot programming information must be included, this information should be placed inside the 10” x 13” manila envelope mentioned above. Robot programming information can be, but not limited to, source code, block diagrams, screen captures of the coding window, and other images that show the programming logic used. The exhibitor may enter their electronic project listed under the energy management program if the exhibitor so chooses.
13. In the event that the robot uses a device like a phone, iPad, or tablet for programming AND operation, DO NOT include the device (phone, tablet, etc.). The device’s safety cannot be insured. Instead record a video demonstrating the instructions included for your robot. It should show, setting up the robot, starting the robot, the robot executing its task, and powering off the robot, just like the instructions are written.
14. FOR COUNTY FAIRS with consultation judging, it is recommended that

the video elements be waived in favor of talking with the exhibitor. Creativity, workmanship, and functionality will be strong criteria in judging the “Robot designed by Exhibitor” classes. All robots should have a purpose or intended function, examples include, but are not limited to following a line, sweeping the floor, solving a Rubix Cube, sorting colors, or climbing stairs.

15. Exhibitor’s name(s) and county or district must be tagged or labeled on the robot such as on the bottom of the robot, exhibit cards are not an acceptable form of labeling.

See the *Kansas State Fair Handbook* for specific requirements and rules for Educational Exhibits.

When completing entry cards, 4-H/FFA class numbers must contain a 4-digit number and a letter as follows:

- A. 4-H/FFA member age 7–10
- B. 4-H/FFA member age 11–13
- C. 4-H/FFA member age 14 and older

DIVISION 1 — 4-H/FFA ROBOTICS

3500. Robot made from a commercial (purchased) kit (no programming, just assembly).

3501. Robot designed by exhibitor. The robot must not be a mere modification of an existing robot kit or plan.

3502. Programmable robot made from a commercial (purchased) kit.

3503. Robot designed and constructed by exhibitor or from a commercial kit, that is operated by a remote-controlled device.

3504. Junk Drawer Robotics

3505. Team Robot designed and constructed by two or more 4-H project members.

The robot must not be a mere modification of an existing robot kit or plan. The robot may be a programmable type that is made from a commercial (purchased) kit. This division is designed to encourage teamwork and cooperation among fellow 4-H members. As with many high-tech projects today, no one person designs and builds a robot alone.

It takes the brainstorming, planning, problem solving, and cooperation of an entire team to complete a given robotics project.

3506. Robotics Educational Display

3507. Robotics Educational Notebook

3508. Robotics Educational Poster

DIVISION 2 — OPEN CLASS ROBOTICS

3509. Robot made from a commercial kit.

3510. Robot designed by exhibitor.

3511. Programmable robot made from a commercial kit.

3512. Junk Drawer Robotics.

3513. Team Robot

3513. Educational Display, Notebook, or Poster

DEPARTMENT 36 — 4-H/FFA and OPEN CLASS SMALL

ENGINES

Superintendents: Tom Black

All exhibits should involve engines smaller than 20 horsepower for classes 3600–3602. Engine should contain no fuel in tank or carburetor. Displays are limited to 4' wide and 4' deep - both upright and floor displays.

1. Each Small Engine exhibit must include a "4-H Small Engines Information Form", which is available through the Extension Office or at <http://smallengines/engtechrks.com/>. This form must be attached to the outside of a 10" x 13: manilla envelope. Place them inside the manilla envelope. For notebooks, display boards, and posters, no additional exhibit information is required; no manilla envelope is needed for these exhibits.
2. Items that have been in use should be cleaned for exhibit.
3. A sheet of operating instructions must be included in the packet for any exhibit that is not self-explanatory.

Kansas State Fair Quota: An exhibitor may enter up to three items in this division, but only one article per class.

When completing entry cards, 4-H/FFA class numbers must contain a 4-digit number and a letter as follows:

- A. 4-H/FFA member age 7–10
- B. 4-H/FFA member age 11–13
- C. 4-H/FFA member age 14 and older

DIVISION 1 — 4-H/FFA SMALL ENGINES

3600. Display — Exhibit a display, selecting one of the following options:

1. A display identifying different engine or lawn and garden equipment parts or a display showing the function of the various engine or lawn and garden equipment parts.
2. A display identifying and explaining the function(s) of different special tools needed for small engine work.
3. A display illustrating and providing the results of any one of the experiments that are included in the project books. No complete engines, lawn tractors, tillers, chainsaws are permitted for display. Maximum tri-fold size is 3' x 4'.

3601. Maintenance — Exhibit a display that illustrates either:

1. Routine maintenance procedures.
2. Diagnosing and troubleshooting specific problems in an engine. No complete engines, lawn tractors, tillers, chainsaws, etc. are permitted for display, using a maximum tri-fold size of 3' x 4'.

3602. Operation — Exhibit an operable small engine (no more than 20 HP) overhauled or rebuilt by the member. Include maintenance schedule for the engine and a brief description of steps taken by the member overhauling or rebuilding the engine. Maximum tri-fold size is 3' x 4'.

1. Engine should contain no fuel in the tank or carburetor. Alternative ENERGY (A form of energy derived from a natural source, such as the sun, geothermal, wind, tides, or waves).
2. All exhibits in this division are limited in size to standard, tri-fold, display boards (36" X 48") and items may not extend beyond 12" from the back board. All displays must be self-standing.

DIVISION 2 — OPEN CLASS SMALL ENGINES

3603. Display

3604. Maintenance

DEPARTMENT 37 — 4-H/FFA AND OPEN CLASS UAS — (UNCREWED AERIAL SYSTEMS, aka DRONES)

Superintendents:

DIVISION 1 — Uncrewed Aerial System

The 4-H uncrewed aerial system or UAS project explores the world from above the trees and discovers new frontiers with UASs. UASs are commonly known as Uncrewed Aerial Vehicles (UAVs) or drones. Members explore the uses and applications of uncrewed aerial system including how UASs link to other projects such as geology, robotics, electronics, crop science, and many more.

1. The information that accompanies the UAS must be limited to the 4-H STEM Exhibit Information Form which is affixed to a 10" x 13" envelope. This Envelope should NOT be attached to the UAS. This may be downloaded from <http://uas.engtech4ks.com/>. Any UAS exhibit not including this completed envelope will receive an automatic participation ribbon. All revisions of forms previously released for the division dated prior to current year are void for use and new forms must be obtained and used that are dated by the Kansas State 4-H Office for the current year.
2. For the State Fair, the 4-H Member must include a video of the youth operating their UAS.
 - A. Videos with an accompanying release form signed by the exhibitor's parent or guardian may be displayed at the State Fair in the Engineering and Technology exhibit area.
 - B. The videos must not be more than 8 minutes long and should be included on the USB drive.

See the *Kansas State Fair Handbook* for specific requirements and rules for Educational Exhibits.

When completing entry cards, 4-H/FFA class numbers must contain a 4-digit number and a letter as follows:

- A. 4-H/FFA member age 7–13 B. 4-H/FFA member age 14 and older**

3700. Uncrewed Aerial System designed and constructed by exhibitor — that is operated by a remote-controlled device. The UAS must not be a mere modification of an existing kit or plan. You may not exhibit a UAS that is purchased off the shelf in this class.

3701. Practical application of an Uncrewed Aerial System —Constructed from a commercial (purchased) kit. This includes one or more of the following: video, notebook, poster, display board, etc. This class is separate from educational exhibits. A tangible use would be mapping Russian olive trees, eroded soils, and bindweed in fields, etc. There are also many other non-agricultural UAS uses that would be appropriate for this class.

DIVISION 2 — Educational Exhibits

3710. Uncrewed Aerial System Educational Display

3711. Uncrewed Aerial System Notebook

3712. Uncrewed Aerial System Poster

DEPARTMENT 38 — 4-H/FFA AND OPEN CLASS

WOODWORKING

Superintendents: Tom Black, Austin Black

1. In 4-H classes, blueprints or plans must be included with each exhibit. The plan may be a photocopy, the actual pattern or a scale drawing. It must be complete and accurate to the extent that a duplicate article could be built using the plan as a guide. In addition, include a list and cost of materials, plus amount of time spent on constructing and finishing the article. This list should include all wood, hardware, finishing supplies, etc. Any 4-H project with missing or insufficient plans will be lowered one ribbon placing.
2. In 4-H classes, plans and all other paperwork must be secured to the project. It is recommended to use a zip top plastic bag with a hole punched through it, tied with string to the exhibit.
3. Exhibits will be classified into groups according to cost of material, work involved, construction and finish.
4. In judging, consideration will be given to workmanship (including accuracy to the plan), design, choice of wood, suitability and quality of finish, and usefulness of the article.
5. Projects with “fractal burning” are NOT ALLOWED in the 4-H Department. (Example - electrical burning to make black linework on artwork.) This is in agreement with The American Association of Woodturners (AAW).
6. A Champion ribbon may be awarded in each class. GC and RGC ribbons will be awarded in both junior and senior 4-H divisions.
7. Additional awards are listed in the back of the fair book.

Kansas State Fair Eligibility: Each exhibitor is limited to one exhibit in this division.

DIVISION 1 — 4-H/FFA WOODWORKING

3800. Article for farm or shop use

3801. Small article (bird feeder, bird house, knife rack, etc.)

3802. Repaired and refinished furniture (This class is open to 4-H members who are enrolled in either Woodworking or Interior Design and Architecture.)

3803. Lawn furniture

3804. Household furniture

3805. Other article

3806. Woodworking repair and maintenance (Articles are not to be exhibited. This class will be judged on woodworking project records accompanied by a narrative of work completed.)

DIVISION 2 — OPEN CLASS WOODWORKING

3810. Article for farm or shop use

3811. Small article (bird feeder, bird house, knife rack, etc.)

3812. Repaired and refinished furniture

3813. Lawn furniture

3814. Household furniture

DEPARTMENT 39 — 4-H/FFA AND OPEN CLASS GEOLOGY

Superintendents: Pam Lucas

If exhibiting at the Kansas State Fair. Read over rules and eligibility in the *2025 Kansas State Fair Handbook*.

1. All specimens must be collected in the state of Kansas (only exception-see #2) during the current 4-H year, which will be allowed starting on the day after the conclusion of the State Fair.
2. For geology classes all specimens must be collected by the participant (not purchased) from locations in Kansas, with the exception of Tri-State Mining Area specimens collected from these three adjacent counties: Ottawa County, OK; Newton and Jasper Counties, MO. Other out of state specimens will not count in the minimum number for the class, nor will they be considered in the judging.
3. NOTE – Exhibitors wanting to move up classes sooner are allowed. These class suggestions encourage appropriate advancement in the project.

When completing entry cards, 4-H/FFA class numbers must contain a 4-digit number and a letter as follows:

- A. 4-H/FFA member age 7–10
- B. 4-H/FFA member age 11–13
- C. 4-H/FFA member age 14 and older

DIVISION 1 — 4-H/FFA and OPEN CLASS GEOLOGY DISPLAYS

15 SPECIMENS DISPLAY - In one standard plexiglass covered box, display at least 15 different rocks, minerals, and fossils, at least one of each, collected during the current 4-H year. Fossils must be identified to the Phylum level.

This class may be entered only one year.

3900. 4-H Geology, 15 specimens

3901. Open Class Geology, 15 specimens

30 SPECIMENS DISPLAY - In one standard plexiglass covered box, display at least 30 different rocks, minerals, and fossils, at least five of each. 15 specimens must have been collected during the current 4-H year. Fossils must be identified to the Phylum level. This class may be entered only one year.

3915. 4-H Geology, 30 specimens

3916. Open Class Geology, 30 specimens

45 SPECIMENS DISPLAY - In one or two standard plexiglass covered boxes, display at least 45 different rocks, minerals, and fossils, at least five of each. 15 specimens must have been collected during the current 4-H year. More than one specimen of the same kind of rock or mineral or species of a fossil may be exhibited if this duplication represents different geological formations. Specimen label must show this distinction. (Fort Hays Limestone, not just limestone; exact species must have different formation names listed on the ID card; Composite Brachiopod from Morrill Limestone not just Brachiopod or Composita Brachiopod). Rocks must be identified by their proper name and type. Fossils must be identified to the Phylum level. This class may be entered only one year.

3920. 4-H Geology, 45 specimens

3921. Open Class Geology, 45 specimens

60 SPECIMENS DISPLAY - In one or two standard plexiglass covered boxes, display at least 60 rocks, minerals, and fossils, at least five of each. 15 specimens must have been collected during the current 4-H year. More than one specimen of the same kind of rock or mineral or species of a fossil may be exhibited if this duplication represents different geological formations. Specimen label must show this distinction. (Fort Hays Limestone, not just limestone; exact species must have different formation names listed on the ID card; Composite Brachiopod from Morrill Limestone not just Brachiopod or Composita Brachiopod). Rocks must be identified by their proper name and type. Fossils must be identified to the Phylum, Class, and Genus levels if possible.

3925. 4-H Geology, 60 specimens

3926. Open Class Geology, 60 specimens

MINERALOGY 15 SPECIMENS DISPLAY - In one standard plexiglass covered box, display at least 15 different minerals at least 5 of which have been collected, collected during the current 4-H year. The minerals are to be grouped by mineral class (i.e.: Carbonates, Oxides, Silicates) and at least 3 classes must be represented.) The specimens must be labeled with the number of the specimen, date collected, name of specimen, county where collected and chemical composition (ie: CaCO_3 for calcite) if known. Fossils must be identified to the Phylum level. This class may be entered only one year.

3930. 4-H Mineralogy, 15 specimens

3931. Open Class Mineralogy, 15 specimens

PALEONTOLOGY 15 SPECIMENS DISPLAY - In one standard plexiglass covered box, display a minimum of 15 fossil specimens, at least 5 of which have been collected during the current 4-H year. The fossils are to be grouped by Phylum and Class, and at least 3 phyla must be represented (Brachiopoda, Chordata, Mollusca, etc.) The specimens must be labeled with the number of the specimen; date collected; county where collected; formation, member, or source; phylum, class, and genus or part; and geologic age (Cretaceous, Permian, Pennsylvanian, etc.) This class may be entered only one year.

3935. 4-H Paleontology, 15 specimens

3936. Open Class Paleontology, 15 specimens

PETROLOGY 15 SPECIMENS DISPLAY - In one standard plexiglass covered box, display a minimum of 15 rock specimens, at least 5 of which have been collected during the current 4-H year. Rocks are to be grouped by the 3 rock classes (Sedimentary, Igneous, and Metamorphic). You must display at least one specimen from each of the three classes. The specimens must fit in one standard display box (see #1). Specimen labels must include a specimen number, the date collected, name of specimen, and the county where collected. All rocks must be identified by the formation and member name (Examples: Fort Hays Limestone, Member of the Niobrara Chalk Formation) or source (Examples: Rocky Mountain Outwash, glacial till). This class may be entered only one year.

3940. 4-H Petrology, 15 specimens

3941. Open Class Petrology, 15 specimens

DIVISION 2 — 4-H/FFA and OPEN CLASS LAPIDARY DISPLAY

The lapidary will be judged on the following criteria:

Workmanship and Content 60 points

Presentation and Showmanship 30 points

Accuracy of Information 10 points

The dimensions of the box should be appropriate for the display but should not exceed 18" x 24" x 3½". The work (polishing/tumbling) must be done by the exhibitor as this is part of the learning process.

All lapidary specimens should be labeled with the following information:

Specimen name

Place of origin (country, state, or county; county required for Kansas specimens)

Purchased or self-collected

Date lapidary treatment began

Date lapidary treatment completed (Treatment completed after the State Fair is considered a new year specimen).

Lapidary I - Display at least 5 varieties of polished (tumbled) specimens and 5 varieties of unpolished specimens that have not yet received lapidary treatment. These do not have to be an example of "before and after", nor do they have to be self-collected. Locales must be identified. This class may be entered only one year.

3945. 4-H Lapidary I

3946. Open Class Lapidary I

Lapidary II - Display before-and-after examples of at least 3 varieties of specimens, at least 2 tumble-polished and 2 unpolished of each. There is no requirement that the 4-H member collect any of these. Locales must be identified. Lapidary work should be done during the current 4-H year. This class may be entered only one year.

3950. 4-H Lapidary II

3951. Open Class Lapidary II

Lapidary III - Display before-and-after examples of at least 6 varieties of specimens, at least 2 tumble-polished and 2 unpolished of each. At least two varieties should be collected from the native site by the 4-H member, at least one of which comes from Kansas. Locales must be identified. Lapidary work on at least three varieties should be done during the current 4-H year. This class may be entered only one year.

3955. 4-H Lapidary III

3956. Open Class Lapidary III

Lapidary IV - Display before-and-after examples of at least 9 varieties of specimens, at least 2 tumble-polished and 2 unpolished of each. At least three varieties should be collected from the native site by the 4-H'erH member, at least two of which comes from Kansas. Locales must be identified. Lapidary work on at least three varieties should be done during the current 4-H year. This class may be entered only one year.

3960. 4-H Lapidary IV

3961. Open Class Lapidary IV

Lapidary V - Exhibit at least 6 specimens that have not previously been exhibited, which have received lapidary treatment. Lapidary treatment may consist of polishing, and end, face, or flat lapping. Specimens must represent at least 3 different varieties and include at least three cabochons of any size or shape, only one of which may be free-formed. A cabochon is a style of cutting in which the top of the stone forms a domed or curved convex surface. Three of the specimens must be mounted into jewelry findings. This class may be entered only one year.

3965. 4-H Lapidary V

3966. Open Class Lapidary V

DEPARTMENT 40 — 4-H SHOOTING SPORTS

Superintendents: Marilyn Giles

- A. Open to all 4-H members who are enrolled in shooting sports within the current year. Must be enrolled in the specific discipline in which the 4-H member is competing.
- B. Must have Certified Shooting Sports Instructor's concurrence. Must meet standards agreed upon between the Coordinator and Instructor and communicated with project members. (Division 1 only)
- C. State 4-H Shooting Sports Match Rules apply, however the County Shooting Sports Coordinator will conference with certified instructor to make changes in the shoots, such as whether or not to shoot silhouettes, specific distances based on range size, etc. Changes **MUST** be approved by the coordinator. (Division 1 only)
- D. No "live" ammunition containing propellant or explosive powders may be used in any display. An inert substitution must be used in lieu of powder and "live" ammunition, the substitution must be clearly described on the back of the poster, display or in a notebook. (Division 2 only)
- E. Exhibit topics regarding firearm care, handling, and shooting will only be accepted from Extension Units with 4-H Certified Shooting Sports Programs. (Division 2 only)

- F. Exhibits will not be accepted if they are related to reloads.
(Division 2 only)
- G. In Division 1, 4-H members will receive ribbons, trophies, or other awards, but no premium money will be given due to governing rules and regulations. In Division 2, ribbons and premiums will be given.

See Kansas State Fair Rules for specific requirements for Division 2.

DIVISION 1 — 4-H SHOOTING SPORTS

- | | |

| 4002. Air Rifle | |

DIVISION 2 — 4-H SHOOTING SPORTS

- 4010. Shooting Sports Educational Display**
- 4011. Shooting Sports Notebook**
- 4012. Shooting Sports Poster**

Experiential/Other Classes

4020. Shooting Aid or Accessory — Any item the 4-Her makes which helps the shooter/hunter better perform their sport, examples: rifle sling, kneeling roll, arm guard, shotgun vest, target boxes, shooting stick, etc. Include your design, or plans you adapted, what the item is and used for.

4021. Storage Case — Any item the 4-Her makes with the purpose to safely hold a firearm, bow, ammunition, and/or arrows. Examples: soft sided shotgun case, quivers, firearm safe, include your design, or plans you adapted. Explain how the storage case is used.

4022. Practice Game or Activity — Invent or adapt an activity to practice or teach a project skill. Include pictures of youth playing the game,

testimonials of

4-H members who played the game, what skill is being worked on, and

directions

for the game. Explain how you came up with the game or adapted it to

fit the

needs of your group members.

DEPARTMENT 41 — 4-H/FFA and OPEN CLASS WILDLIFE **Superintendent:**

This project is for all youth, whether living in the city, the country, or in between. Wildlife is an important part of our state heritage and environment, ranging from buffalo to birds to fish to deer and more. In this project you will learn about wildlife behavior, habitat requirements, how wildlife species fit into nature's scheme, how they are managed, and how they relate to people.

1. Exhibitors must comply with state and federal laws. It is illegal to possess threatened or endangered wildlife, or the feathers, nests, or eggs of nongame birds. Game birds and game animals taken legally during an open season may be used. Every wildlife on display must have a statement about how they were obtained legally. The use of live wild animals in educational exhibits is prohibited.

2. Exhibits in this division are open to educational displays, promotional posters, or experiential displays. Exhibits should reflect learning in the project area. Follow copyright laws as you are preparing your exhibit. Take care to select durable materials to withstand County Fair conditions.
3. Wildlife exhibits that reflect harvesting of wildlife must follow National Minimum Standards and Best Practices
<https://4-hshootingsports.org/wp-content/uploads/2024/01/12.13.23-Minimum-Standards-Update.pdf> and [Kansas 4-H Shooting Sports Handbook https://bookstore.ksre.ksu.edu/pubs/kansas-4-h-shooting-sports-handbook_4H1101.pdf](https://bookstore.ksre.ksu.edu/pubs/kansas-4-h-shooting-sports-handbook_4H1101.pdf) and Kansas Fish and Game laws.
 Exhibits outside these standards will be disqualified.
4. The exhibit size rule will be strictly enforced. Exhibits exceeding the size guidelines will be disqualified. Maximum exhibit size for all exhibits in this division is 4'X6'. Larger exhibits will be turned away.
5. Educational Display: must be the standard tri-fold board ONLY, must not exceed standard tri-fold: 3'x4' unless there is a topper that sits on top of the board and does not take up additional table space; no additional table space available for promotional brochures or display items; content not to exceed display board borders.
6. Posters: must be flat and no larger than 22"x30"; content not to exceed display board borders. Exhibits may be displayed on wall.
7. Notebooks: no larger than 8 ½" x 11".
8. Exhibits must not display, describe, or depict firearms or firearm components that are not allowed by 4-H Shooting Sports National Minimum Standards.
9. Exhibitors must comply with state and federal laws and Kansas State Fair Management.
10. No "live" ammunition containing propellant or explosive powders may be used in any display. An inert substitution must be used in lieu of powder and "live" ammunition, the substitution must be clearly described on the back of the poster, display or in a notebook.
11. Name, county or district, age and year in project should be on the back of the poster, display or notebook unless special arrangements are made because of declination of publicity release.
13. Exhibit topics regarding firearm care, handling, and shooting will only be accepted from Extension Units with 4-H Certified Shooting Sports Programs and enrolled 4-H youth in the specific Shooting Sports Project.
14. Exhibits will not be accepted if they are related to reloads..

Kansas State Fair Eligibility. A member may make only one entry in display/ notebooks and one entry in experiential within this division. When completing entry cards, class numbers must contain 4-digit number and a letter as follows:

When completing entry cards, 4-H/FFA class numbers must contain a 4-digit number and a letter as follows:

- A. 4-H/FFA member age 7–10**
- B. 4-H/FFA member age 11–13**
- C. 4-H/FFA member age 14 and older**
- D. Open Class**

DIVISION 1 — 4-H/FFA WILDLIFE

4100. Notebook

Contents pertain to some phase, results, story, or information about the wildlife project.

4101. Promotional Poster

Must be related to something learned in the wildlife project. (Flat poster board or foam board no larger than 22" x 28").

4102. Educational Display

Must be directly related to the wildlife project. Maximum tri-fold size is 3' x 4'.

Experiential/Other Classes

4110. Fish Harvesting Equipment

Board exhibit. Display of equipment used in fish harvesting. Examples: fishing knots, hooks (with corks over ends for safety), lures. Label all items displayed. Include in your exhibit the following information: the purpose of each item, when or where each item is used.

4111. Build a Fishing Rod

A fishing rod educational exhibit may not exceed 96 inches in length. Exhibit must be mounted on a board. Include with the exhibit: Explanation of cost of materials/components and how many number of hours required for construction. Label all parts. Necessary components which must be included are grip, line guides (based on manufacturers specifications), guide wraps, and hook keeper. Reel seat needs to be aligned with guides, and guides aligned accurately down rod. Guide wraps of size A to D, nylon, or silk thread. Exhibit will be judged on workmanship, labeling of parts, information, and neatness.

4112. Casting Target

Make a casting target for exhibit and use. Target must be under 48" x 48". The bullseyes must be 2 feet, outer band must be 1 foot in diameter and can have up to 3 rings. The exhibit must be easy to store, durable, and weather resistant. Include the purpose and rules of using your casting target.

4113. Wildlife Harvesting Equipment

Board Exhibit. Display of equipment used in harvesting wildlife. Examples: expended ammunition casings (no live ammunition permitted), steel traps, hide stretchers, fleshers, etc. For displays of shotguns, rifles, or bows, use drawings or pictures. Label all items displayed: the purpose of each item, when or where it is used and personal experiences with the item.

4114. Inventing Wildlife/Fish Harvesting Equipment, Aid or Accessory

Use engineering principles to invent or adapt equipment that helps you harvest fish or wildlife. This could include wildlife calls, adapted fishing pole for shallow water, a blind, decoys, etc. Share your drawing (or adapted plans), how the equipment works, how you tested it, and the results of testing your prototype, and any adjustments you made.

4115. Tanned Hides

Exhibit of a wild animal hide properly processed by the member. If not mounted, must be in a clear clothing bag with a hanger, all field experiences, study, OR observations that relate to the exhibit.

4116. Taxidermy

Any legal fish, bird, or other wild animal properly processed by the member. No requirement as to mounting. Include the animal's name and the following: information about the exhibitor's personal field experiences, study, OR observations that relate to the exhibit.

4117. Wildlife Tracks

Board or diorama-type box exhibit. Make a display of animal tracks using Plaster-of-Paris casts. There are 3 options. For all options, include a brief description of your experiences in making the tracks so the judges better understand what you did and learned. Positive casts (impressions as they would be in nature) are preferred. Options 1-3.

1. Should show Plaster-of-Paris tracks of five or more kinds of wildlife along with a picture or illustration of each kind of animal.
2. Should show two or more Plaster-of-Paris tracks of one specific kind of wildlife and should include a picture or illustration of the animal, what the animal may eat, and what may eat the animal.
3. Should show two tracks and include the animal's habitat needs including preferred food, shelter, water, and space in addition to picture or illustration of the animal.

4118. Wildlife Knowledge Check

Use electrical circuits, pictures, or other methods of teaching wildlife identification or other wildlife conservation or shooting sports related knowledge. Plan size and shape to fit transportation and display; maximum size 24" x 24".

4119. Houses

Make a house for wildlife. Examples: bird house (bluebird, purple martin, wood duck, kestrel, barn owl, etc.) or bat house; no insect houses. Make the house functional so that dimensions, hole size etc. are appropriate to fit the intended species' needs. Include the following information:

1. The kinds of animal(s) for which the house is intended.
2. Where and how the house should be located for best use.
3. Any seasonal maintenance needed.
4. Any evidence of your personal observations from experiences.

4120. Feeders/Waterers

Make a bird bath or feeder. Examples: seed, suet, or nectar feeders. Squirrel feeder okay; no insect feeders. Include the following information:

1. The kinds of animal(s) for which the water/feeder is intended.
2. Where and how the water/feeder should be located for best use.
3. Any seasonal maintenance needed.
4. Any evidence of your personal observations or experiences.

DEPARTMENT 42 — 4-H/FFA and OPEN CLASS AGRONOMY

Superintendents: Karen Kumberg, Carla Boyd

If exhibiting at the Kansas State Fair. Read over rules and eligibility in the 2025 Kansas State Fair Handbook.

1. Exhibits will be judged according to the Kansas State University Exhibiting Handbook. Exhibits will be judged 50% on quality, 30% on uniformity of size, shape, and color, and 20% on adapted varieties.
2. **Crop entries must be identified by hybrid or variety name.**
3. Superintendents may divide miscellaneous entries into separate classes for judging purposes.
4. Exhibits must be grown by the exhibitors.
5. Grains must be grown in the last available season. Wheat must be cleaned, and variety must be named.
6. Exhibits not picked up by 6:00 p.m. Saturday will be discarded or given away.
7. A Champion ribbon may be awarded in each class. 4-H GC and RGC ribbons may be awarded in each division.
8. Additional awards are listed in the back of the fair book.

DIVISION 1 — FIELD CROPS

4200. 4-H Grain

- A. Wheat, all recommended varieties, 1 gallon
- B. Field corn, any variety, 5 ears, husks removed
- C. Sunflower seeds, any variety, 1 gallon
- D. Soybeans, any variety, 1 gallon
- E. Canola, 1 gallon
- F. Sorghum, hybrid, 5 stalks

4201. 4-H Other crops

- A. Sorghum-Forage standard or hybrid (5 stalks)
- B. Sunflower head, any variety (1 head)
- C. Cotton (1 plant)
- D. Alfalfa hay (1 flake or slice)
- E. Native grass hay (1 flake or slice)
- F. Cool season grass hay (1 flake or slice)

DIVISION 2 — OPEN CLASS

4210. Open Class Grain

- A. Alfalfa, 1 gal.
- B. Barley, spring, 1 gal.
- C. Barley, winter, 1 gal.
- D. Canola, 1 gal.
- E. Corn, field — 5 ears, husks removed
- F. Corn, sweet — 5 ears
- G. Oats, any variety, 1 gal.
- H. Soybeans, any variety, 1 gal.
- I. Sunflower seeds, 1 gal.
- J. Wheat, screened or hand-picked, 1 gal.

4211. Open Class Other Crops

- A. Cotton, (1 plant)
- B. Hybrid forage sorghum, 5 stalks
- C. Standard forage sorghum, 5 stalks
- D. Sunflower, 1 head
- E. Alfalfa hay (1 flake or slice)
- F. Native grass hay (1 flake or slice)
- G. Cool season grass hay (1 flake or slice)

DEPARTMENT 43 — 4-H/FFA and OPEN ENTOMOLOGY

Superintendents: Pam Lucas, Aaron Lucas

If exhibiting at the Kansas State Fair. Read over rules and eligibility in the *2025 Kansas State Fair Handbook*.

1. All entries should be submitted in an 18 x 24 x 3.5-inch wooden display box with a clear plastic top (such as plexiglass). Boxes can be handmade or purchased as long as they are of the correct size.
2. Orders and Family names should follow the taxonomy either
 - A. As printed in "Insects in Kansas" book OR
 - B. As printed on the "Insects in Kansas Book: 2016 Revised. Taxonomy," which follows www.bugguide.net.
3. Each exhibitor is required to identify each box with two identification labels bearing the Exhibitor's name, county or district, the collection class 4-Her is enrolled in and statement of taxonomy used:
 - A. "Insects in Kansas" book OR
 - B. "Insects in Kansas: 2016 Revised Taxonomy", which follows www.bugguide.net.

One label goes in the upper left corner of the box (inside) and the other on the lower right corner of the box (outside). Arrange specimens in the box so the box can be displayed lengthwise.

4. The number of orders, specimens (and families where required) must be included on both of the exhibitor's box identification labels. Only adult specimens can be used in collection boxes; however, one female and one male of a species correctly identified can be displayed.
5. Arrangement of specimens: The preferred method is to arrange the insects in groups or rows parallel to the short sides of the box. Arrangements that run lengthwise of the box are frequently downgraded in judging. Specimens are to be arranged by Order in the box, then Family where required. The sequence arrangement of the Orders in the box will be left up to the member. It is suggested to put the Lepidoptera and Coleoptera in the center of the collection (for Intermediate and Advanced Classes to put these two orders in a box). Then work the other orders around them.
6. For each collection class, two labels will be centered on the pin beneath each specimen. First (closest to the specimen) is the common name label and the second label should include date/locality. Full county name and state abbreviation on the second label are encouraged for 2016 and will be required by 2019. Collector's name on the date/locality label is optional.

7. The specimens should be collected by the exhibitor and should focus on Kansas insects. Insects may be collected from one county into bordering states and labeled accordingly. Other specimens from the United States may be included as long as they are properly labeled and placed in a separate section of the box labeled "Out of State Insects." These specimens will not be included in the count for judging/scoring. Emphasis in judging will be placed on the overall variety of insects represented in the collection, accuracy of identification, skill and technique acquired in mounting of specimens, and overall arrangement and appearance of the collection.
8. Purchased insects are not to be exhibited in collections, but they may be used in educational displays.
9. Specimens of soft bodied insects such as aphids, lice, termites, etc. should be exhibited in alcohol filled vials; however, the use of alcohol filled vials should be limited to only those specimens that lose their shape when pinned, since the vials pose a significant hazard to the rest of the collection if they become loose in transit.
10. After the first year in Entomology, all 4-H members need to add an 8 ½ x 11-inch sheet of paper to their collection that states what they did to improve their collection for the current year. This should include how many new insects were added to the display box (please list), how many insects were replaced in the display box (please list), and number of new orders and/or families were added to the display box. Other optional things that could be included are number of insects caught for the year, number of new Orders added this year, number of talks and/or demonstrations given, activities participated in, leadership roles, etc. This paper should be taped to the upper left corner on the front of your display box.
11. The following insects are listed as Threatened or Endangered by the Fish and Wildlife Service. Because of this, no specimens of the below species may be caught or displayed in insect collections or educational displays. If specimens of these species are included in collections or educational displays, it will be counted as a major violation. Any major violation of rules will result in the exhibit being dropped one ribbon placing. Please refer to www.kanas4-h.org on the Entomology project page for more information.
 - American Burying Beetle (*Nicrophorus americanus*)
 - Monarch Butterfly (*Danaus plexippus*)
 - Eastern Regal Fritillary Butterfly (*Argynnis idalia idalia* or *Speyeria idalia*)
 - Western Regal Fritillary Butterfly (*Argynnis idalia occidentalis* or *Speyeria occidentalis*)
 - Great Spangled Fritillary (*Speyeria cybele*)
12. Additional awards are listed in the back of the fair book.

DIVISION 1— 4-H/FFA and OPEN CLASS ENTOMOLOGY COLLECTION

Introductory Entomology 1, Collection

For Ages 7-9. Collection: 6 orders, 15-30 specimens. Specimens should be grouped according to order. Order labels should be pinned to the bottom of the box, with dates and county collected and common name. These collections are to be exhibited in a small cardboard or plastic boxes (1 or 2 boxes with a total display area no more than 130 square inches.) Boxes can be homemade by placing a layer of polystyrene foam in the bottom of a shoebox, school box, or storage container or can be purchased from a biological supply company. For the exhibit, the boxes should be covered with a piece of plastic wrap or acrylic glass taped across the top of the box. **This is not eligible to enter at the State Fair.**

4300. 4-H Introductory Entomology

Beginning Entomology 1, Collection

Display in one standard box a minimum of 50, maximum of 125 species representing at least 7 orders. Follow the general guidelines listed for Collections. Members can exhibit in this class a maximum of 3 years or until they receive a purple ribbon at the Kansas State Fair,

4301. 4-H Beginning Entomology 1

4302. Open class Beginning Entomology 1

Beginning Entomology 2, Collection

Display in one standard box a minimum of 75 and maximum of 150 species representing at least 9 orders. Follow the general guidelines listed for Collections. Members can exhibit in this class a maximum of 3 years or until they receive a purple ribbon at the KSF, whichever comes first.

4305. 4-H Beginning Entomology 2

4306. Open Class Beginning Entomology 2

Intermediate Entomology, Collection

Display a minimum of 100 and a maximum of 300 species representing at least 10 orders. Two standard boxes can be used. Follow the general guidelines listed for collections. In addition, family identification is required for all insects in any two of the following six orders: (only two will be counted for judging)

1. "Insects in Kansas" book —Orthoptera, Hemiptera, Homoptera, Coleoptera, Hymenoptera, and/or Diptera OR
2. "Insects in Kansas Book: 2016 Revised Taxonomy", which follows www.bugguide.net - Odonata, Orthopetra, Hemiptera, Coleoptera, Hymenoptera, and/or Diptera.
3. Members can exhibit in this class a maximum of 3 years. A 4-H'er may move up if they receive a purple ribbon.

4310. 4-H Intermediate Entomology

4311. Open Class Intermediate Entomology

Advanced Entomology, Collection

Display a minimum of 150 and a maximum of 450 species representing at least 12 orders. Three standard boxes can be used. Follow the general guidelines listed for Collections. Family identification is required for all insects belonging to the six basic orders outlined under the Intermediate phase. Only families in the above six orders will be counted for judging. Family identification of insects in the remaining orders is optional, but desirable as long as accuracy is maintained. Members may continue to exhibit in this class at the Kansas State Fair for an unrestricted number of years as long as they remain eligible for 4-H membership.

DIVISION 2- 4-H/FFA and OPEN CLASS ENTOMOLOGY NOTEBOOK

Individual entries are to be placed for display in a 3-ring notebook for competition.

1. During the transition, Orders and Family names should follow the taxonomy either:
 - A. as printed in "Insects in Kansas" book OR
 - B. as printed in "Insects in Kansas Book: 2016 Revised Taxonomy, which follows www.bugguide.net. Project members are encouraged to progress towards option B by 2019 or as revised "Insects in Kansas" book is available.
2. 4-Hers who have been previously enrolled in or are currently enrolled in the other phases of the Entomology project need to start with the Beginning Phase of Entomology notebooks, not the introductory phase.
3. Each exhibitor is required to identify the notebook by placing the Title Page in the front of the notebook bearing the exhibitors name, county or district and class 4-Her is enrolled in and statement of taxonomy used:
 - A. "Insects in Kansas" book OR
 - B. "Insects in Kansas Book: 2016 Revised Taxonomy", which follows www.bugguide.net The number of orders, specimens and families (required in Intermediate and Advanced classes) must also be included on the Title Page.
4. Specimen pages should be grouped according to order and should include one page per species. If more than one insect is in the photo, an arrow to indicate the identified insect should be used.
5. Date, common name, full county name and state abbreviation should be included for each species. Collector's name on the specimen page is optional.
6. Specimen pages should have two different views of the insect if possible. If pictures are taken on different dates/localities, include information for both.

7. A statement describing the habitat where found/host plant may be included and is encouraged and will be worth a bonus 10 points total, not per page. For Intermediate and Advanced notebooks, this is strongly encouraged.
8. A divider page is to be placed in front of each order of insects with the order name printed on the tab for the page as well as the front of the divider page.
9. For the Intermediate and Advanced classes, insects are also to be grouped by family behind each order divider.
10. If the exhibitor has been in the same class for more than one year, a separate sheet of paper needs to be added stating how many years the exhibitor has been in this class of the project and what the exhibitor did this year to improve their notebook. Place the paper just behind the Title Page in the front of the notebook.
11. A special project must be completed each year and included in the notebook. See project guideline materials for specifications.
12. After the first year in Entomology, all 4-H members need to add an 8 ½ by 11-inch sheet of paper to their Photo Collection Notebook that states what they did to improve their notebook for the current year. This should include how many new insect photo pages were added to the Notebook (please list), how many insect photo pages were replaced in the Notebook (please list), and number of new orders and/or families added to the Notebook. Other optional things that could include are number of insects photographed for the year, number of new Orders added this year, number of talks and/or demonstrations given, activities participated in, leadership roles, etc. This paper should be placed right behind the Title Page in your Notebook.
13. Refer to Entomology General Rule #11 for information on Threatened and Endangered Species specimens that cannot be displayed in Educational Exhibits.

Introductory Entomology Notebook

Display a minimum of 10 and a maximum of 30 insect species representing at least 6 different orders. Follow the general guidelines listed for Notebooks, including the Special project. A 4-H member may exhibit in this class for a maximum of two years.

DIVISION 3 — 4-H/FFA and OPEN CLASS ENTOMOLOGY EDUCATIONAL DISPLAY

General Guidelines:

1. All entries should be submitted in an 18 x 24 x 3.5-inch wooden display box with a clear plastic top (such as plexiglass). Boxes can be handmade or purchased as long as they are of the correct size. Arrange display in the box so the box can be displayed lengthwise.

2. Each exhibitor is required to identify each box by placing two identification labels bearing the exhibitor's name, county or district and the class in the box. One label goes in the upper left corner of the box (inside) and the other on the lower right corner of the box (outside). Information on numbers and kinds of insects is not needed for educational exhibits.
3. Displays may consist of specialized groups of insects or their close relatives, or relate to any aspect of their behavior, biology, or ecology.
4. Displays should be presented in a clear, concise, and interesting manner.
5. Displays should include only work performed during the current year.
6. Title of the exhibit should be indicated inside the box.
7. The purpose of the project is to learn more about the importance, life cycles, biology, ecology, diversity, etc. of insects and related arthropods. Subject matter can be as varied as the animals themselves.
8. Creativity is encouraged!

Beginning Educational Display

Kraisinger/Clarkson-Frisbie

Service Award

Since 1976, the Pratt County Fair Association has recognized volunteers who have gone above and beyond in helping make the Pratt County Fair a success. This award helps acknowledge the hard work that goes on behind the scenes. Steve Kraisinger and Jean Clarkson-Frisbie were two influential Pratt County Extension Agents who helped shape the Pratt County Fair over the years. Their influence has reached generations of 4-Hers, and this award is a great honor.
